Message of the Vice Chancellor

University, the highest seat of learning helps a nation produce leaders in all disciplines of life. We have therefore an enormous responsibility that can only be fulfilled by cultivating, nurturing and mentoring young minds, employing the best of available human and material resources. As the tertiary level educational institution and the largest and most comprehensive general University in Faisalabad we offer a wide range of courses in the fields through Natural and Physical Sciences (Environmental Sciences, Botany, Chemistry, Industrial Chemistry, Wild life and Fisheries, Physics, Mathematics, Statistics, etc.) to Information technology and Computer Sciences, Telecom. Engineering, Food and Home Sciences, Law, Pharmacy, Management & Business Sciences, the Humanities, Social Sciences, Fine Arts, and also in emerging areas of Bio-technology, Bio-informatics, etc.

The "Education" sector with its myriad challenges requires professional competence and dedicated talent ultimately making the country's human resources more productive. Our academic programs have been designed to meet the needs of students, employers, and the local/national/international community. We are an institution committed to excellence in teaching and in an ever-increasing manner, to research and development. Through ongoing curricula development and extensive course offerings, we continue to ensure quality education for our students. Our mission is to be the premier University, making available quality education, research and service. Students may choose from an extensive number of academic programs and majors that meet their academic and career interests. Consequently, we have plotted a path for the future. Increasingly we are judging our performance in the context of achievable but challenging benchmarks; thinking globally, establishing international relationships, and generally making the university an exciting academic place to be.

Our University has attained a very positive slope in terms of its attitude and we are committed to excellence in professional education, and have enormous growth potential. Albeit, the University's nationally recognized growth, we are committed to provide our students with the highest level of education and service. Our faculty and staff are dedicated, highly qualified professionals committed to offer students personal service and attention. GCUF offers students a higher education experience that is rigorous, effective, personalized, and rich in cultural diversity. We emphasize the importance of merit in everything. Expectations about academic performance predominate over all other matters. If you want to become a part of GCUF, you will need to understand and accept this emphasis on academic standards, and the consequences of not performing at your best. We hope that you will understand and accept that we are doing this in the interest of students, the University and the nation.

Prof. Dr. Zakir Hussain

Vice Chancellor

THE CITY OF FAISALABAD

Faisalabad, the Manchester of Pakistan is one of the first planned and systematic cities in the sub continent envisaged by the British Government, after the name of Sir James Lyall. Lyallpur was the first name ascribed on this fertile land of Sandal Bar. The unique bond present between the sister countries Pakistan and Saudi Arabia paved the way to rename the city after the name of our friend, late King of Saudi Arabia, King Faisal. The City is catering to the needs of more than six million people. Agriculture and industry remains the hallmark of Faisalabad with a powerful and ever developing thrust in these sectors. Faisalabad International Airport, Faisalabad Dry Port and Industrial Zone linked with the Motorway are facilitating this hub of industrial activities.

The historical Clock-Tower with Eight Bazars designed after Union Jack, presents a magnificent example of town planning located in the province of Punjab to the west of Lahore, the provincial capital. With the proper infrastructure, road linkages Faisalabad serves as an example as district, as division and as a city for the developing world. The Faisalabad International cricket and hockey stadiums host international matches. The city has produced great leadership in the fields of politics, education, sports, agriculture, economy, bureaucracy and biotechnology.

G.C. University

Faisalabad

Mission Statement

Our Mission is to provide students an enabling environment where dialogue is encouraged and ideas envisioned. We will provide the intellectual and physical infrastructure that will hold students to the highest moral and ethical values. We will achieve these goals with the cooperation of both public and private sector as well as the faculty and students of G.C.U.F.

History & Introduction

GC University, Faisalabad has emerged as a leading center of learning and research in a short span of time. The University with its dynamic faculty and innovative syllabi has become a catalyst of intellectual, social and industrial change. It caters to the diverse needs of society by imparting education in almost all the major fields of learning.

The GC University's journey started as a primary school in 1897 in the present building of Govt. College for Women, Karkhana Bazar, Faisalabad. STUDENTS' FINANCIAL AID OFFICE

The University Authority established the Students Financial Aid Office (SFAO) on October 28th, 2007 in collaboration with the Higher Education Commission Islamabad to provide financial help to the needy and deserving students of the University and to award scholarships under various programs.

Mission

The Students' Financial Aid Office is primarily responsible for providing all information, services, and assembling financial resources that are available to and/or needed by students who are attending GC University in order to obtain an undergraduate or graduate degree. Financial aid resources are provided by both internal (university and/or endowment funds), governmental (PEEF, Professional Education Internal Merit and District Merit Scholarship) and private agencies or organizations.

Vision

The Students' Financial Aid Office (SFAO) is an integral part of and partner in carrying out and actualizing GC University's overall purpose and strategic planning. The fundamental purpose of the financial aid program is to make education possible for students who might otherwise be deprived of this higher education opportunity due to inadequate funds and /or previous limited educational opportunities.

Goals

1. Establish essential manual and automated processes to support awarding financial aid in a timely manner.
2. Award financial assistance to qualified students, according to institutional and Govt requirements and with a focus on individual student needs.
3. Establish regular communication flow between the SFAO and the students/parents.
4. Maintain regular contact with the Dean, Head of department and other university administrators to support essential policy development and revision and to evaluate institution-wide needs related to financial aid.
5. Provide individual student/parent assistance in completing necessary applications and managing personal resources as they are needed to augment financial assistance in covering educational expenses.

Financial Assistance

Deserving students are given Allama Iqbal Merit / Sir Syed Merit Scholarship (full/half tuition fee) by the head of department. This scholarship is available for 05 % of the total number of students enrolled in a class.

An application on prescribed form for the full/half tuition financial assistance/scholarship is to be submitted to the concerned department every semester supported by required documents according to the checklist and income certificate showing that the applicant can not afford to pay full tuition fee. After recommendations by the head of department, scholarships cases are forwarded to the Students' Financial Aid Office for approval by the Competent Authority. The concession is subject to good conduct, regular attendance and satisfactory performance in studies and can be withdraw if the receipt fails to fulfill these requirements.

When two or more brothers/sisters are studying, younger can be granted half concession in tuition fee as Kinship scholarship recommended by the Head of Department.

-) Employee Educational Benefit Scheme for the wards of Govt. employees of education department is applicable with the condition that 100% concession in tuition fee for elder and 50 % for younger child according to the Form-B. Govt. employees of Education Department will be only of grade (1-16) and the said concession should not be applicable for higher grades.
-) Scholarship for Financial Assistance to Hafiz-e-Quran is granted to the Hafiz-e-Quran. The concession is subject to good conduct (2.5 GPA), regular attendance (75%) and satisfactory performance in studies and can be withdraw if the receipt fails to fulfill these requirements.

ACCOMMODATION

The University presently maintains two hostels for boys and four for girls. Due to inadequate resources six hostels are established in private buildings rented outside the University premises. For effective functioning and establishment of new hostels an administrative body has been setup called Hall Council. In all the hostels the residents are provided with the necessary facilities including internet. The mess is run by the students. Provision of hostel accommodation is based on merit. The students desirous of availing this facility submit their applications to the office of the warden of the hostels through the chairperson / Incharge of their respective department.

DIGITAL LIBRARY

To facilitate research in the University, HEC has provided access to digital libraries. A programme has been formulated to provide researchers and students with access to latest, authentic literature form high quality journals, database and articles covering a wide range of disciplines. Digital library resources provided by HEC are: Springerlink, Blackwell, Synergy, Ebrary, Ebscohost, McGraw Hill's Collections McGraw-Hill's Access Science, McGraw Hill's Digital Engineering Library, Taylor & Francis Journals, Oxford University Press, E-Books and free medical journals. GC University is the only institution which has its own digital book bank which has been developed through the sole effort of University's IT Services Department. It contains over 25000 e-books for different fields of interest,

downloadable software and virtual lectures videos. Domain of this book bank is expanding day by day to cater to the needs of academicians and students.

LIBRARIES

The importance of dissemination of knowledge and keeping up-to-date with the rest of the world is the need of the present day. Libraries play a vital role in attaining the educational goals and fulfilling the instructional needs of the programmes offered by universities. As they serve as a source of professional reference services and information to supplement classroom and laboratory learning, libraries also contribute to the teaching / learning environment of the academic departments. The old Armstrong library has been renamed as the Main Library with the book bank accessible to all the students and faculty members. The Main Library has more than 16,000 texts and reference books. In addition, there are post graduate libraries at various academic blocks and recently a library in Basic Science Block is established to fulfill the needs of the students. The collection of each library includes not only the reference books supporting each course in the curriculum

but also general books, periodicals, publications, newspapers and digital resources. The Library Committee is responsible for the efficient working of the libraries. A dynamic team of devoted and highly qualified

professional librarians run the library affairs.

IT INFRASTRUCTURE

It has become a dire need of the University to create an environment in which the faculty and students can communicate and collaborate with each other by using modern state of the art technologies. The local area network of the University comprises high speed fiber optic cables which are connected to the core switch inside the Server room. These cables then reach all the departments from where fast Ethernet cables are connected for the linkage of all the computers. IT Services are working tirelessly with highly qualified and skilled staff to maintain and manage the IT infrastructure under the directions of IT manager

WIRELESS AND WIRED INTERNET FACILITY

GC University is amongst the very few universities which have given the facility of wireless internet to both the students and the staff members. The University has the credit of being the first university which is using this hi-end intelligent Wi-Fi system. The wireless setup comprises modern state of the art technology which is both robust and resilient. The IT Services Department provides 24/7 internet access.

ONLINE INFORMATION & IT RESOURCES

High end servers are used as the backbone of IT framework. Xeon Servers with an excellent entry level multi-processing which can take dual Xeon EM 64bit processors and maximum of 8 GB RAM RAM memory. These servers have hot swappable hard drivers. Facilities like internet, Domain Name Server, routing, user authentication, SMTP and POP3 email services, workgroup application, file and print share are provided. The University website is also looked after and updated regularly by the IT Services Department. Efforts are being made to make the website more attractive and interactive for its users. GC University provides its faculty, staff and students with personal university email addresses. IT Services also started a Campus Management Solution (CMS). Under which different modules are designed to automate the vast ranged academic and other activities of the university.

VIDEO CONFERENCE FACILITY

GC University Faisalabad has its own Video Conferencing Unit provided by the Higher Education Commission. GCUF conducted its scholarship interviews through video conferencing via HEC. Government College University Faisalabad was chartered by the Government of Punjab in 2002. This is very new and the only general university in the central Punjab that is growing swiftly and accommodating more than 14000 students at present. Many innovative, need based cross cutting academic programmes have been introduced in this university within short span of its establishment and many more are expected to be launched very soon. This will help to meet the ever growing needs of fast growing textile industrial hub, commercial centre and business cosmopolitan city of Faisalabad in particular and for the central Punjab in general. The University has now entered into consolidation and coordinating phase.

The Directorate of Advances Studies has been established to stream line the functioning of different programmes that have been either already launched at all academic disciplines or to be launched in near future. This Directorate has been given the mandate to facilitate all the post-graduate students for their admission, enrollment, approval of supervisory committees, approval of synopsis, approval and organization of defense of synopsis and thesis.

The Directorate of Advanced studies has also been entrusted with the task to prepare and recommend new rules and procedures to further strengthen and improve the academic discipline in the light of different directives and precedents of Higher Education Commission (HEC) of Pakistan. This Directorate is striving hard and burning mid night oil for achieving excellence and ensuring authenticity, transparency, competitiveness and timely completion of all degree programmes within the stipulated period. I am confident, optimistic and sincerely hope that the incoming students for higher studies in GC University, Faisalabad shall find pleasant and learning environment at the campus and shall also find their alma mater quite conducive and helpful for completing their study work and doing post-graduate research work. I pray for their successful and bright future.

Directorate of Student Affairs (DSA), GC University, Faisalabad focuses not only on the overall personality grooming of students but also covers discipline, health facilities, workshops, career services, counseling services, and financial assistance to students in the back-drop of emerging modern trends in the education sector. This office was assigned the task of working for the promotion and facilitation of co-curricular and cultural activities. In a short span, DSA has been successfully providing a forum with nine functional societies to the students to express their recreational and literary talents. Life on campus for students, teaching and non-teaching staff is marked with multidimensional cultural functions and academic activity.

Various seminars on current national and international issues have also been organized. Musical evenings, Sham-e-Ghazal, theatrical performances by the students, debate competitions, fun fair and regular sports activities in the University keep the students involved in creative activities, polish their organizational skills thus keeping them away from getting themselves involved in any anti-social or extremist activity.

In the shape of University magazine The Beacon, the students find the best way to present their creative talent in prose and poetry. Inter-university tours provide students with opportunity to get the latest information and update their knowledge with a sense of positive comparison and develop in them a sense of belonging.

Assistant

Transformation of information into knowledge-based technologies to make future humankind safe, secure and prosperous is the major area of action at GC University, Faisalabad. A contingent of professionally trained researchers are working within various academic/ research establishments of this university to explore the unexplored. The establishment was revitalized during 2009 by redefining the T.O.R.s. of every appointment of this establishment. The directorate is the university's liaison office with different funding agencies and industries. More than 60 research proposals from different academic departments were processed for funding during the year 2010. Out of which 18 were awarded, the rest are in pipeline. The directorate has established a data base of research productivity of the academia. We aim at flourishing research culture at the campus. One salient achievement of this establishment is the upgradation of the university profile in research-based ranking. The research productivity of the university has increased from 7 research papers during the year 2009 to 76 during 2010. At the moment, the university is placed at 19th most productive university of the country which was at a meager position of 51 during 2009. This is a good indicator of the genuine research that is being carried out at the campus.

Introduction:

QEC is established under the guidelines of the HEC to enhance, maintain and monitor quality of higher education. GC University Faisalabad is among those thirty universities in Pakistan in which QECs have been established since 2006.

The higher education commission issued directions for establishment of QEC on Oct. 16, 2006, but GCUF had already set up QEC in 2004.

In October 2006, GCUF authorities reconstituted the cell according to the guidelines provided by HEC.

Currently the cell is being headed by Prof. Dr. M. Zubair Siddiqui where as Uzma Waseem is working as Deputy Director.

Mission Statement:

The mission of Quality Enhancement Cell is to ensure and enhance the quality of higher education at GCUF.

Objectives:

- Collection of department-wise data as the bench mark.
- Assess the current status of educational quality at departmental level.
- Analysis of data and formulation of recommendations in consultation with concerned Head/Chairperson/ Incharge of department.
- Monitoring of the implementation of the recommendations

Functions of QEC:

1. The Quality Enhancement Cell (QEC) is to be headed by a Dean reporting directly to Vice Chancellor/Rector. He is to correspond with the outside bodies.
2. QEC is responsible for promoting public confidence that the quality and standards of the award of degrees are enhanced and safeguarded.
3. QEC is responsible for the review of quality standards and the quality of teaching and learning in each subject area.
4. QEC is responsible for the review of academic affiliations with other institutions in terms of effective management of standards and quality of programs.
5. QEC is responsible for defining clear and explicit standards as points of reference to the reviews to be carried out. It should also help the employees to know as to what they could expect from candidates.

Vision

In teaching, research and service, our mission is to advance understanding of language use, language teaching and language learning from a range of anthropological, sociological, psychological and critical perspectives.

Mission

The mission of the Department of Applied Linguistics is to groom the linguists with thorough understanding of the dynamics of language and its role in the construction of knowledge and values. In today's world of linguistic diversity, the importance of learning language in its true perspective becomes even more acute.

Introduction

Linguistics is not just the ambit of teaching and learning, its 'applied sense' is beyond a layperson's imagination. This single discipline opens up multidimensional career avenues, ranging from the glory of national/international interpreter, pride of preparing dictionaries, responsible task of unearthing historical mysteries of dead languages and civilizations,

examining the ways in which a language evolves new varieties, creating a 'detective' interface between language, science and law, expanding the multilayered womb of literature through stylistic perspectives, noble work of developing artificial speech for the deaf and dumb, and so on. The importance of studying this new emerging discipline in Pakistan is also beyond controversy. We have more than 60 indigenous languages in Pakistan, and many of them are precariously endangered. Literacy rate of the country is also alarming. Literacy projects and programmes can give rapid results if they are chalked out and run by the linguists. Language policies, curriculum designing and teacher training are those avenues in Pakistan where the services of linguists are required on emergency basis. The Department of Applied Linguistics, G.C.University Faisalabad is well aware of its manifold responsibilities and the pressing academic needs of the students. We aim at serving the nation by filling the gap of expertise in language related studies in the country, directing special attention to qualitative improvement in the profession of language teaching/learning through field specific research. In order to realise this aim, we offer different programmes i.e. B.A Hons in English Literature and Linguistics, M. Sc. in Applied Linguistics and M. Phil in Linguistics.

Vision

Our shared vision, here at the Department of Applied Psychology, is to develop high quality trained professionals and behavioral scientists to pursue the excellence in the field of psychology and to make significant and meaningful contribution towards the psycho-social betterment of our country.

Mission

The mission of the Department of Applied Psychology, GC University Faisalabad, is to provide and inculcate the knowledge of human behavior to the students seeking such knowledge in an effective and research oriented manner. Moreover, the department is committed to meet the challenges of the modern age by producing researchers and professionals in the field, which will help to understand and ultimately resolve the problems of society.

Introduction

Psychology, being a scientific study of human behavior and mental processes, has not only achieved immense popularity with scholars of modern age but it has also helped in understanding the psychological problems of the society. Psychological knowledge is now applied to solve the problems of such diverse areas as psychotherapy, counseling and guidance, hospital management, environment, business, education, industry, linguistics, and critical evaluation of literature and fine arts. GC University, Faisalabad, started studies in Applied Psychology at post graduate level and plans to satisfy the long standing demand of the area. GC University, Faisalabad, has also introduced BS (Hons.) program as well as MS in Clinical Psychology. The Department aims at producing high quality professionals and psychologists who are committed to pursue excellence and are endowed with vision, courage and dedication. Our students, after completing their degrees, will definitely make significant and meaningful contribution towards the socio-economic betterment of the country through the development of human resource. Above all, they will be able to develop a deep insight into their own psychological processes.

Vision

The vision of the Department is to train students to critically and objectively analyze the issues related to the economy, business, public policy and society.

Mission

The mission of the Department of Economics is to provide excellent education in economics. The programs of the department emphasize the development of strong theoretical background along with data analysis skills that can be used in the investigation of economic problems in a wide variety of settings.

Introduction

Economics is the study of scarcity and choice. In a society where resources are limited and cannot meet the claims put upon it, economics assumes a fundamental role to fulfill them. The employment prospects for economists are very bright as the importance of economics is likely to increase in the near future.

The Department of Economics has developed curricula to meet the present day requirements. Formulation of policy alternatives by conducting solutions oriented research to assist the decision makers for uniform growth and developing manpower in line with the demands of local and international markets are the priorities of the Department.

In this context, the Department is playing a key role in training the human resources that are required to improve the momentum of economic growth and eradicate poverty. The general goals of the Department are to serve the public good and to make the knowledge of Economics accessible.

All the academic programmes, have been carefully designed to fulfill the afore mentioned objectives of the Department and the market demands.

Vision

The vision of the Department of English is to enable the students not only to keep pace with the Copernican changes taking places in the field of knowledge but also to become contributors to it.

Mission

The mission of the Department of English is to instill in the students a spirit of critical inquiry, capability to look beyond their parochial surroundings and analytical vision to place and define themselves in the wider-social, cultural, political and ideological environment. The department is striving to sensitize, aestheticize and humanize the students enabling them to become leaders of change. As the study of literature is no longer leisure and pleasure activity, the students are encouraged to use their critical potential to study literature in its true intellectual milieu.

Introduction

The Department of English is one of the leading departments of the University with a rich history of excellence. The department is not only striving to keep pace with the changes taking place in the teaching of literature and language worldwide but is also embracing various new concepts, introduced recently in the study of literature. The Postcolonial Theory and Literature, Modern Literary Theory, Literature around the World and Pakistani Literature in English have been added to the curriculum of MA English, to give a broader perspective to the students, to encourage comparative study of literature with strong analytical skills. The students opt for thesis in the final two semesters and get an opportunity to demonstrate their critical faculties. BS (Hons) English Literature programme is a four year Bachelor Programme in English Literature. It is a comprehensive study programme and covers all the major genres of English Literature and provides the students with a sound background in literature. In order to promote research, Research Methodology has been made an integral part of the syllabi designed for the all the courses of the department.

Textile Design (4 Year Program)

The objective of Textile Design major is to introduce a broad range of Textile processes and theoretical perspectives on which to base the practice of textile design. It also develops the skills necessary for researching and originating contemporary textile themes, and creating fabric prototypes and samples.

Textile Design is concerned with understanding and creating one of the most intimate and yet public aspect of the material world. As technological and cultural creations, textiles are fundamental to the way we clothe, shelter and represent ourselves. As aesthetic expressions, textiles construct and communicate individual and social identities. Since weather pattern of Pakistan mostly remains hot & dry, the focus of majority of the designer is turning to launch individual brands in the field of Textile Prints. Therefore, it is pertinent for us to divert our curriculum in introducing latest and innovative textile prints in order to attract industrial factors & demands.

Vision

The department is committed to teach the students skills and familiarizing them with the tools that are the standards of the industry. We remain committed to keep abreast of those skills and tools as the information revolution continues.

Mission

The prior mission of the department is to educate, to broaden minds, to inculcate habits of honour, careful analysis, reasoned discourse and excellent writing in an increasingly diverse and pluralistic culture of both print and electronic media in Pakistan as well as abroad.

As a department with professional constituencies and an obligation to prepare citizens to participate in a democratic society we seek to fulfill our mission by helping future journalists to develop abilities to think critically, to communicate clearly, to understand the ethical dimensions of the decisions they make, and to fully recognize the central role of news media in a Pakistani society.

Introduction

Department of Mass Communication has been established in 2005. The foremost objective was to provide an opportunity to the students to equip themselves with the blend of skills and knowledge to meet challenges in national and international arena. The department has an excellent academic environment. All the faculty members are experienced and qualified. Students are also being benefited from the expertise of media educator and known professionals. Vision

The Department of Pakistan Studies is dedicated to the pursuit of academic excellence and diversity. The department strives to polish the students' intellectual curiosity with a focus on tools to assess and solve complex problems and develop skills to become independent, morale and motivated decision-makers.

Mission

We aim to be a leader among other disciplines of social sciences at institutions of comparable size and character through excelling in teaching, scholarship and counseling and exploiting opportunities for academic research, experimental learning and off-campus study; the Department promotes scholarship, discipline, civic participation.

Introduction

The Department of Pakistan Studies was established in 2003. The Department offers two programmes i.e. M.Sc. (Morning/Evening) and M.Phil (Evening). It aims to impart deep learning and understanding of the historical, social, cultural, political and economic contours of the state and society of Pakistan. It also attempts to orientate the students towards the institutional strengths and weakness of the government in order to reinforce its strengths and correct what we may call our deficiencies.

We envisage making the department as a centre of excellence of Pakistan Studies with the aims of producing capable experts and quality researchers in the subject of Pakistan Studies. The Department aims to launch BS(Hons) and Ph.D. Pakistan Studies programmes in the near future. Pakistan Studies is an inter-disciplinary subject and it offers courses which have close affinity with and understanding of other subjects of Social Sciences such as Economics, Sociology, History, Political Science and Pakistani languages and their literature. We are trying our best to encourage and prepare the students for the exploration, analysis and advancement of research on the issues besetting Pakistan internally and externally.

Vision

The Department of Political Science at G.C University, Faisalabad aims at being recognized as a leader among political science programs at institutions of comparable size and character. Pursuant to this goal, the Department is committed to excellence in teaching, scholarship and mentoring. By offering a distinctive program that includes opportunities for independent research, experiential learning and off-campus study, the Department promotes scholarship in the political science discipline, civic participation and leadership.

Mission

The mission of the Department of Political Science is to promote scholarship, leadership and responsible citizenship among students at G.C University, Faisalabad. The Department provides a solid liberal arts curriculum that exposes students to the principal subfields of the discipline and develops transferable skills of liberal learning. Actively involved in research, teaching and applied scholarship, the political science faculty serves as mentors to students seeking academic challenge and civic involvement.

Introduction

Great emphasis is being laid on Political Science as an academic discipline since 20th century. In the wake of globalization, free-trade and increasing influence of supra-state institutions world over, Political Science has gained all the attributes of dominating the world-scene in the 21st Century. The Department of Political Science deals in the area of study which encompasses the global as well as domestic affairs. It examines some of the critical issues of modern times, including the changing nature of international cooperation and conflict, the new character of warfare, the impact of globalization upon states and societies and the persistence of world problems such as poverty, migration and drug trafficking. The roles of state and non-state actors in shaping world politics in the new millennium are central to the study of Political Science, as is an understanding of how different visions of world order affect the prospects for peace and security.

The Objectives of the Department of Political Science at GCUF are:

To provide students with an education that develops understanding of socio-political and economic spheres on national & international level.

To be among the best nation-oriented centers of social sciences in Pakistan.

Character building with emphasis on morality and maturity.

To provide quality education to youth in a stimulating and conducive learning atmosphere.

The Department of Political Science deals with the area of study which encompasses the global as well as

domestic affairs. It examines some of the critical issues of modern times, including the changing nature of international cooperation and conflict, the new character of warfare, the impact of globalization upon states and societies and the persistence of world problems such as poverty, migration and drug trafficking.

To achieve this objective and to build future national leaders who are capable of playing effective roles in the governmental, political institutions and international organizations, the Department has designed a broad based Master's program in Political Science.

Dean's Message

Confucius believed the highest state of human enlightenment is to "Change as time does. Do as time demands." Indeed, there is no better time than now. The GCUF's past successes and rich tradition lay an excellent foundation enabling us to move forward and to embrace change. It is my hope that you will join me as we continue to push new technologies to strengthen ties in the community and around the world.

The field of Science and Technology is changing at a rapidly accelerating pace. One downside to this is that information becomes outdated quickly putting an even greater importance on maintaining research excellence as a core mission of our Faculty. Our academic programs benefit greatly from our research efforts by providing our students a window into the changing face of modern Science and Technology. Supporting our outstanding faculty and maintaining research excellence is paramount as we move into our future years and beyond.

The mission of the Faculty of Sciences and Technology is to provide rigorous training in basic science as well as latest technology-based research that will prepare our students for leadership roles in the scientific challenge that will dominate the 21st century. The GCUF's educational approach combines discipline-based specialization with a broad perspective for mastering new knowledge in a period of rapid change. Innovative programs and courses; full access to GCUF's institutional strengths in research, education, and latest technologies; and the highest-caliber faculty all serve to attract an exceptional student population. The GCUF's programs foster students' development into imaginative, independent basic scientists and research-oriented scientists, who are prepared to lead the interdisciplinary efforts that will be required for advancing Science and Technology in the current era.

I and my colleagues are pleased on your selection of this institution. We look forward each year with great anticipation to the arrival of our new students and to the contributions they will make to campus life.

Vision

Chemistry Is the Backbone of Industry and Industry Is the Backbone of Economy

Mission

To produce students who are confident to apply the knowledge of chemistry and skills which they need in understanding the problems of the local industry and the wider world, and to make a useful contribution to find solutions.

To produce applied chemists who can work as quality controllers (from raw material and intermediate product to final product) in every sector of industry.

To provide skill in handling chemicals, managing chemical laboratories and scientific instruments.

Introduction

The University is situated in the region which is globally known as Manchester of Pakistan because of its vast industrial network and textile based structure. More than 500 textile units functioning here utilize chemistry to manufacture value added products according to world standards. Faisalabad is not only a hub of textile industrial activities but there are also other well known industries, as paints, pigments, dyes, sugar, fertilizer, pharmaceutical, soaps and detergents. Keeping in view the industrial need for highly qualified, skilled, visionary and trained manpower that could meet international standards, the department of Applied Chemistry was established in 2004.

Currently, Department of Applied Chemistry offers BS (Hons) & M.Sc (Morning) and M.Phil (Evening) programmes Applied Chemistry and producing 95 (40+35+20) applied chemists annually. These graduates step out with strong chemistry understanding and in-depth knowledge of chemical processing in different industries.

Vision

For scientific community the need to decode and interpret the information entrenched in the human as well as other genomes are growing everyday because of the innovation in biotechnology.

Mission

The mission of the Department of Bioinformatics & Biotechnology is to educate and prepare graduate students to reach the forefront of leadership in the field of bioinformatics, biotechnology and computational biology and to integrate research and education on the use of information technologies in molecular biology and biotechnology to explore the genome of living organisms by developing / using bio info metical tools for analysis, comparison and annotation of the ever increasing sequence data to understand and to set new frontiers for life.

Introduction

Bioinformatics & Biotechnology have become frontline applied science disciplines of the twenty-first century. The GC University, Faisalabad is amongst the few institutions in the country to offer a degree program in these emerging fields of science. Bioinformatics is an amalgamation of Computer Science, Mathematics, Statistics and life sciences. It is responsible for producing new computer programs (databases and software) and for using them in life sciences. Department of Bioinformatics and Biotechnology provides interdisciplinary training that bridges the departments and seamlessly integrates computational methodologies into biological education.

Deficiency Courses

Course Code	Course Title	Credit Hours
BNB-886	Cell and Tissue Culture Technology	2(2-0)
BNB-887	Methods in Industrial Biotechnology	2(2-0)

Note:

Candidates for Ph.D in biotechnology admission must have first class MS/M.Phil degree or equivalent in life sciences. All the students have to take a deficiency of two courses (cell and tissue culture technology and methods in industrial biotechnology) except those with MS/M.Phil in biotechnology, biochemistry or molecular biology.

Admission criteria and degree requirements are as per HEC rules.

Vision

Exploration of natural world of plants and allied creature for unraveling vast untapped resources of nature for the benefit of human race and for the glorification of knowledge.

Mission

We are committed to ordain human capital with excellence in the changing scientific scenario through innovative but interactive learning and research.

Introduction

Being one of the oldest academic disciplines of this institution, the Department is privileged to have a strong faculty and academic programmes. At present this Department is offering degree courses for BS(Hons), M.Sc., M.Phil and Ph.D.

The Department aims to provide quality education in the areas of research. A number of HEC funded projects

are also underway and academia is focusing to broaden need-based research endeavors. Microbial and Plant Biotechnology, Plant Physiology, Plant Tissue Culture, Molecular Biology and Fungal Systematics are the focal areas of research within the Department.

Currently research work is being carried out in the field of fungal and algal taxonomy, biocontrol of plant diseases by fungi, fungal diseases of fish and fungal human diseases. Physiological and biochemical mechanism of stress tolerance in plants is being studied by elucidation of stress proteins. Genetic basis of salt tolerance is also under progress in different crops.

Genomic resources are being utilized to enhance crop production by gene manipulation. Moreover, research on seed metabolism, plant nutrition, enzymology and plant growth regulators is in progress for different economically important crops.

Name / Qualification	Designation	Specialization
Dr. Mubashir Niaz Ph.D (UAF) Post Doctoral (USA)	Associate Professor	Protein Engineering and Crystallography, Enzyme Kinetic analysis
Dr. Muhammad Qasim Ph.D (UAF)	Professor	Plant Physiology and Plant Systematics
Dr. Muhammad Iqbal Ph.D (UAF) Post Doctoral (USA)	Associate Professor	Eco-Physiology, Stress Signalling and Chemical Genetics
Dr. Naeem Iqbal Ph.D (UAF) Post Doctoral (USA)	Assistant Professor	Plant Physiology, Molecular Marker Analysis of Stress
Dr. Syed Hammad Raza Ph.D (UAF) Post Doctoral (UK)	Assistant Professor	Plant Stress Physiology and Molecular Ecology
Dr. Tehreema Iftikhar Ph.D (GCU Lahore) Post Doctoral (Seoul, Korea)	Assistant Professor	Biotechnology
Dr. Rizwan Rashid Ph.D (UAF) Post Doctoral (Australia)	Assistant Professor	Plant Physiology
Dr. Iqbal Hussain Ph.D (UAF) Post Doctoral (Japan)	Assistant Professor	Plant Physiology, Genetic expression analysis
Dr. Saqib Mahmood Ph.D (UAF)	Assistant Professor	Stress physiology, Metabolite Chemistry, Cell Partitioning analysis
Dr. M. Nadeem Khalid Ph.D (Karachi University)	Assistant Professor	Algae Phycochemistry and Bioactivity
Ms. Sara Omer M.Phil (UAF, Pakistan)	Lecturer	Molecular Biology, Stress physiology
Ms. Abida Kauser M.Phil (UAF, Pakistan)	Lecturer	Plant Physiology, Genetic marker analysis
Ms. Sana Riaz M.Sc. GCUF	Lecturer	Biotechnology, Enzymology
Ms. Beenish Afzal M.Sc. GCUF	Research Officer	Plant Physiology
Ms. Rohina Bashir M.Phil (UAF)	Lecturer	Botany

Vision

The vision of the Department is to promote research in the various branches of chemistry to ensure that there is a viable and practical solution to all the problems in the respective areas.

Mission

The Chemistry Department is committed to the advancement of highest level of theoretical and practical knowledge of chemistry. The department pledges to train Chemists capable of making significant contribution in the areas of medicine, dentistry, pharmacy, and related fields.

The department has a clear thinking that a nation of 160 million people needs world class expertise in chemical sciences which can meet the needs of common people. The programmes of the Department of Chemistry have been designed in this backdrop.

Introduction

Chemistry is a science of development of human civilization. From European Industrial Revolution in 19th Century to the present day, the scenario of Biotechnology and Nanotechnology is all related to chemical sciences. In the arena of scientific development Chemists are the major stake holders. Be it Peace, war or mission to Mars, Chemists are the main players in these endeavors. The recent developments in nuclear chemistry, missile technology, environmental sciences, and understanding of intricacies of genetic engineering and biological processes, biosensors, industrial growth and energy are all due to chemistry in one way or the other. It not only adds value to the raw materials but also provides new raw materials for high-tech industries like pharmaceuticals, textiles, agro-industry, medicines, biomechanics, space science and so on. Therefore it alleviates human sufferings and is an effective tool to fight poverty.

Name	Designation	Specialization
Dr. Iftikhar Hussain Bukhari Post Doctoral (KFUPM, Saudi Arabia), Ph.D (BZU), M.Sc (BZU)	Chairman / Associate Professor	Bio-Inorganic Chemistry, Medicinal Chemistry, Organometallic Chemistry Catalysis (HEC Approved Supervisor)
Dr. Abdul Jabbar Ph.D (BZU), M.Sc (BZU)	Associate Professor	Protein Chemistry, Analytical Chemistry, Enzymology, Electro- analytical techniques (HEC Approved Supervisor)
Dr. Muhammad Yousaf Post Doctoral (Peking University, China) Ph.D, East China University of Sci. & Tech, China, M.Phil (UAF), M.Sc (UAF)	Assistant Professor	Post Doctoral (Organic Semiconductor Synthesis) Ph.D (Coordination Chemistry) (HEC Approved Supervisor)

CHM-711	Analytical Chemistry – II (optional)	3(3 – 0)
CHM-712	Introductory Spectroscopy	2(2 – 0)
Total		20

Semester 3

The students have to adopt one specialization set from the followings:

Course Code	Course Title	Credit Hours
CHM-721	Statistics for Chemistry	3(3 – 0)
CHM-722	Advanced Organic Chemistry – I	3(3 – 0)
CHM-723	Advanced Organic Chemistry – II	3(3 – 0)
CHM-724	Advanced Organic Chemistry – III	3(3 – 0)
CHM-725	Advanced Organic Chemistry Practicals – IV	2(0 – 2)
Total		14

Course Code	Course Title	Credit Hours
CHM-731	Statistics for Chemistry	3(3 – 0)
CHM-732	Advanced Analytical Chemistry – I	3(3 – 0)
CHM-733	Advanced Analytical Chemistry – II	3(3 – 0)
CHM-734	Advanced Analytical Chemistry – III	3(3 – 0)
CHM-735	Advanced Analytical Chemistry Practicals–IV	2(0 – 2)
Total		14

Course Code	Course Title	Credit Hours
CHM-716	Statistics for Chemistry	3(3 – 0)
CHM-717	Advanced Biochemistry - I	3(3 – 0)
CHM-718	Advanced Biochemistry – II	3(3 – 0)
CHM-719	Advanced Biochemistry – III	3(3 – 0)
CHM-720	Advanced Biochemistry Practicals – IV	2(0 – 2)
Total		14

Course Code	Course Title	Credit Hours
CHM-736	Statistics for Chemistry	3(3 – 0)
CHM-737	Advanced Physical Chemistry – I	3(3 – 0)
CHM-738	Advanced Physical Chemistry – II	3(3 – 0)
CHM-739	Advanced Physical Chemistry – III	3(3 – 0)
CHM-740	Advanced Physical Chemistry Practicals–IV	2(0 – 2)
Total		14

Course Code	Course Title	Credit Hours
CHM-741	Statistics for Chemistry	3(3 – 0)
CHM-742	Advanced Inorganic Chemistry – I	3(3 – 0)
CHM-743	Advanced Inorganic Chemistry – II	3(3 – 0)
CHM-744	Advanced Inorganic Chemistry – III	3(3 – 0)
CHM-745	Advanced Inorganic Chemistry Practicals–IV	2(0 – 2)
Total		14

Scheme of Study

Semester 4

Course Code	Course Title	Credit Hours
CHM-729	Seminar	1(1 – 0)
CHM-730	Research and Thesis	6(6 – 0)
CHM-748	Advanced Analytical Chemistry – V	3(3 – 0)
CHM-749	Advanced Analytical Chemistry – VI	3(3 – 0)
CHM-750	Advanced Analytical Chemistry – VII	3(3 – 0)
CHM-751	Advanced Analytical Chemistry – VIII	3(3 – 0)
CHM-752	Advanced Organic Chemistry – V	3(3 – 0)
CHM-753	Advanced Organic Chemistry – VI	3(3 – 0)
CHM-754	Advanced Organic Chemistry – VII	3(3 – 0)
CHM-755	Advanced Organic Chemistry – VIII	3(3 – 0)
CHM-756	Advanced Biochemistry – V	3(3 – 0)

The Research students of BS & M.Sc Chemistry will opt any two courses relevant to their specialty in 4th Semester.

Course Code	Course Title	Credit Hours
CHM-757	Advanced Biochemistry – VI	3(3 – 0)
CHM-758	Advanced Biochemistry – VII	3(3 – 0)
CHM-759	Advanced Biochemistry – VIII	3(3 – 0)
CHM-760	Advanced Inorganic Chemistry – V	3(3 – 0)
CHM-761	Advanced Inorganic Chemistry – VI	3(3 – 0)
CHM-762	Advanced Inorganic Chemistry – VII	3(3 – 0)
CHM-763	Advanced Inorganic Chemistry – VIII	3(3 – 0)
CHM-746	Advanced Physical Chemistry – V	3(3 – 0)
CHM-747	Advanced Physical Chemistry – VI	3(3 – 0)
CHM-748	Advanced Physical Chemistry – VII	3(3 – 0)
CHM-749	Advanced Physical Chemistry – VIII	3(3 – 0)

The Research students of BS & M.Sc Chemistry will opt any two courses relevant to their specialty in 4th Semester.

M.PHIL & Ph.D Chemistry

Inorganic Chemistry

Course Code	Course Title	Credit Hours
CHM-801	Soild State Chemistry	3(3 – 0)
CHM-802	Photochemical Reactions of Transition Metals	3(3 – 0)
CHM-803	Applied Transition Metal Catalytic Chemistry	3(3 – 0)
CHM-804	Group Theory	3(3 – 0)
CHM-805	Chemistry of Organometallic Compounds	3(3 – 0)
CHM-806	Main Group Organometallic Reagents	3(3 – 0)
CHM-807	Inorganic Electronic Spectroscopy	3(3 – 0)
CHM-808	Kinetics and Mechanisms of Inorganic Reactions	3(3 – 0)
CHM-809	Inorganic Chemistry of Biological Processes	3(3 – 0)
CHM-810	Nuclear and Radiochemistry	3(3 – 0)
CHM-811	Medicinal Uses of Transition Metals / Inorganic Compounds	3(3 – 0)

Vision

The vision of the College of Computer Science & Information Studies is to ensure that the students take maximum advantage of the modern computer sciences to solve a wide range of complex scientific, technological and social problems.

Mission

The mission of the department is to provide exemplary education and training to our students in the field of computer so that they productively contribute to academia and industry.

The College is equipped with state of the art computer labs with latest Pentium machines. These laboratories are accessible to all students and teachers and also linked through the state of the art network environment.

Introduction

The College of Computer Science & Information Studies is one of the most prominent and oldest centres of computer education in Faisalabad city and was established as a separate department by offering ICS programme in 1999. The progress journey of the department continued, and it offered BS (CS) programme in 2001 and MCS programme in 2004 and MS (CS) programme in 2009.

The College provides excellent computing facilities and ensures the enhancement of practical knowledge of students by facilitating them to learning. The College of Computer Science & Information Studies provides a comprehensive range of facilities necessary for computer use and a library of programs and packages for solving scientific, engineering related, commercial and social problems.

Name of Faculty	Designation	Qualification	Field of Specialization
Dr. Nadim Asif	Professor	Ph.D(CS)	Software Engineering
Ms. Rabia Saleem	Assistant Professor	MS(CS)	Database Systems
Mr. Umar Sarwar	Assistant Professor	MS(CS)	Database Systems
Mr. Usman Ahmed	Assistant Professor	MS(CS)	Software Engineering
Mr. Aurangzeb Muzammil	Assistant Professor	MS(CS)	Networks
Ms. Saman Iftikhar	Assistant Professor	MS(IT)	Object Oriented Technologies
Mr. Muhammad Awais Kainth	Lecturer	MS(CS), Ph.D (Cont) On Study Leave	Information System
Ms. Uzma Jamil	Lecturer	MS(CS)	Software Engineering
Mr. Tahir Abdullah	Lecturer	MS(CS)	Software Engineering
Ms. Shafia	Lecturer	MS(CS)	Software Engineering

Vision

The vision of the department is to highlight the fact that environmental sciences is a multidisciplinary subject comprising various processes including natural and anthropogenic environmental issues. The understanding of knowledge and skills acquired through studying environmental sciences is critical to the attainment of sustainable development and sound environmental management.

Mission

The ruthless use of the environmental resources by human beings over the decades has resulted in the deterioration of the environmental quality in developing countries like Pakistan. Therefore, the protection of environment from deterioration is very essential for a sustainable stability of the ecosystem and life on the earth.

Introduction

By introducing the discipline of environmental sciences we will be able to produce professionals capable of doing technical and consultative work related to environmental and natural history studies and would help eliminate dependence on foreign consultants. In the meantime, the department has encouraged its students into developing public private partnership in tree culture waste management and water use. The research opportunities in environmental sciences are thus growing as new programs open up to tackle local, national, regional or global issues in environment at both academic and applied levels.

Degree programs in environmental sciences will bridge the gap between various disciplines and their implementation. As a result of the government's policy on health and environment and controlling environmental pollution, there shall be a great demand for technical and consultative services.

Vision

The vision of the Department is to help students make sense of their surroundings and the wider world. It focuses on both physical and human aspects of geography

Mission

The mission of the Department of Geography is to ensure objective study of places, the human and physical processes that shape them and the people who live in them

Effective research techniques through field work
Physical landscape interpretation
Weather, monitoring and analysis
GPS field mapping of landforms and air photo analysis
Mapping and analyzing information using GIS
Cartography and geo-visualization
Demographic and economic analysis
Spatial data analysis
Cultural landscape interpretation

Introduction

Geography is a scientific study of man's interaction with his environment. Major thrust in Geography is based on four distinct but interrelated traditions i.e. an earth science tradition, a location tradition and an area analysis tradition ; a logical study of man's activities in different regions happens to be the over riding theme in this discipline.

The study of Geography is exciting, challenging and relevant to today's world. Geographers study the natural processes of the physical environment as well and its consequences of humans in the environment. Some geographers specialize in coastal, glacial or fluvial processes and landforms, climatology, biogeography, hydrology or environmental change. Others study regional economics, population change, and the problems of rural or urban areas. Still others, specializing in spatial analysis, bring the power of geographic information science to bear on a wide range of research problems. Increasingly, these varied interests are coming together in the study of environmental problems and Geographers lead the way in resource management.

Vision

The Institute of Home and Food Sciences (IHFS) is committed to be a leading academic center of excellence in teaching, research and services at national and international level for Home and Food Scientists. This field provides an opportunity to study a unique blend of science and art related subjects. This field opens a future avenue for personnel professional and social enhancement.

Mission

The Institute's innovative mission is to educate students, professionals, and the public about the role of Home and Food Sciences in all aspects of life. Institute programs apply and integrate this information through undergraduate, master's, and doctoral degree programs in distinct but related areas of study: Food Science and Nutrition, Textiles and Clothing, Human Development and Family Studies, Housing and Management, Art and Design.

Introduction

The Institute of Home and Food Sciences (IHFS) is the legacy of an academic unit originally founded in the 2004 as Department of Home Economics. Today, in recognition of the fundamental importance of food and nutrition to human life and pleasure; the role of Home Economics disciplines in the daily life; the growing demand for knowledgeable, skilled public health professionals, nutritionists, food managers, food professionals, interior designers, and textile experts, the department is now upgraded to Institute of Home and Food Sciences (IHFS). The IFHS trains students for a wide range of careers related to the food, nutrition, and health in modern society, interior designing, textile and clothing, human development, art and design, culture, and business domestically and internationally.

Objectives

To provide professional leadership in the area of service and outreach activities in the areas of Home and Food Sciences.

To conduct high quality research that helps advance Home and Food Science knowledge and skills in order to enhance the quality of life of people, public sector and industries.

BS (Hons) FOOD SCIENCE AND NUTRITION

Semester 1

Course Code	Course Title	Credit Hours
FSN-301	Introduction to Food Science and Technology	3(3-0)
FSN-303	Fundamentals of Human Nutrition	3(3-0)
ISL-321	Islamic Studies/Ethics	2(2-0)
MTH-304	Mathematical Methods - I	4(4-0)
BIO-301	Introductory Biology	3(2-1)
PST-301	Pakistan Studies	2(2-0)
Total		17

Semester 2

Course Code	Course Title	Credit Hours
FSN-302	Food Processing and Preservation	3(2-1)
FSN-304	Introduction to Grain Science & Technology	3(2-1)
FSN-306	Human Physiology - I	3(2-1)
BNB-313	Biochemistry - I	3(2-1)
CSI-321	Introduction to Information & Communication Technologies	3(2-1)
ENG-302	Communication Skills	2(1-1)
Total		17

Scheme of Study

Semester 3

Course Code	Course Title	Credit Hours
FSN-401	Food Chemistry	3(3-0)
FSN-403	Human Physiology - II	3(2-1)
FSN-405	Nutrition Biochemistry	3(3-0)
FSN-407	Food Issues of Contemporary Societies	2(2-0)
FSN-409	Introduction to Dairy Science & Technology	3(2-1)
STTT-321	Introduction to Statistics	3(3-0)
Total		17

Semester 4

Course Code	Course Title	Credit Hours
FSN-402	Safe Processing of Fruits & Vegetables	3(2-1)
FSN-404	Dietetics - I	3(2-1)
FSN-406	Introduction to Lipid Science & Technology	3(2-1)
FSN-408	Food Quality Management	3(3-0)
FSN-410	Metabolism of Principle Nutrients	3(3-0)
FSN-412	Food Additives	2(2-0)
Total		17

Semester 5

Course Code	Course Title	Credit Hours
FSN-501	Minerals and Vitamins in Human Nutrition	3(3-0)
FSN-503	Dietetics - II	3(2-1)
FSN-505	Introduction to Meat Science & Technology	3(2-1)
FSN-507	Sports Nutrition	2(2-0)
FSN-509	Food Microbiology and Immunology	3(2-1)
FSN-511	Community Nutrition	2(2-0)
Total		16

Semester 6

Course Code	Course Title	Credit Hours
FSN-502	Food Analysis	3(1-2)
FSN-504	Nutritional Deficiency Disorders	2(2-0)
FSN-506	Meal Planning	2(1-1)
FSN-508	Clinical Nutrition Assessment	3(2-1)
FSN-510	Hygiene and Public Health	2(2-0)
FSN-512	Food Toxicology and Safety	3(3-0)
FSN-514	Maternal Health and Nutrition	2(2-0)
Total		17

Semester 7

Course Code	Course Title	Credit Hours
FSN-601	Food and Nutrition for Different Needs	3(3-0)
FSN-603	Sensory evaluation of Foods	3(2-1)
FSN-605	Food and Nutrition in Global Society	2(2-0)
FSN-607	Food Service Management	3(2-1)
FSN-609	Infant Feeding and Nutrition	2(1-1)
FSN-611	Functional and Nutraceutical Foods	2(2-0)
FSN-613	Clinical Biochemistry	3(1-2)

Vision

The department of Mathematics aspires to the highest excellence in teaching, research and service.

Mission

The mission of the Department of Mathematics is to pursue teaching and research in various area of mathematics. We provide the students an opportunity to acquire the knowledge of mathematics and the reasoning skills necessary to make effective use of mathematics. The department fosters creativity and scholarship among the students enabling them to use their analytical skills and serve as resource in the mathematical sciences for other disciplines.

Introduction

The Department of Mathematics is one of the oldest departments of this institution. It has rich history of excellence and performance and produced renowned mathematicians who are serving in various organizations with distinction and credit. At the University level this department is now running BS, MS.c and M. Phil programmes in the subject of Mathematics. The Department has produced outstanding students who are serving in academic institutions, Pakistan Atomic Energy Commission, Banks and Industries, and in particular, the Aerospace, Oil and Electronic Industry etc.. The mission of the Department is to enhance the research skills of the creative minds through active involvement in the research-oriented activities. The Department has qualified and experienced teachers who are devotedly inculcating in the students the zeal, spirit and determination necessary to compete with the new scientific challenges in every walk of life. The Department is also providing teaching assistance in the subject of Mathematics to other Departments of the University, namely Physics, Chemistry, Environmental Science, Geography, Economics, Banking & Finance, Statistics, Bioinformatics, Pharmacy etc.

Vision

The vision of the college is to be the leading College of Pharmacy where leaders in practice, education, and research are developed and nurtured in order to prepare pharmacists proficient in their knowledge of medicines who are capable of using this knowledge and meeting professional challenges.

Mission

The development of potent synthetic drugs has substantially shifted the responsibility of pharmacists towards appropriate use of modern medicines so as to ensure optimum drug therapy and protecting the public from associated adverse actions. It is therefore necessary to prepare and groom pharmacists who believe firmly in the philosophy of pharmacy, are prepared to accept the professional and moral responsibility and are ready to be accountable for the actions they take.

Introduction

Pharmacy is a life saving health profession. Significant changes in the national healthcare systems worldwide have also fuelled critical review for ensuring that the services provided in a modern healthcare system are of appropriate quality. This concept has totally revolutionized the service providing approach of the Pharmacy profession which has developed into a multi-disciplinary high quality practice internationally.

The department of Pharmacy was established in the GC University, Faisalabad in the year 2005. It was upgraded to College of Pharmacy in 2010 and is offering a five year Pharm-D degree programme and M.Phil Programme in Pharmacology and Pharmaceutics with the teaching faculty of highly skilled professionals. For the Pharmacists to acquire profession specific knowledge, attitudes, skills and behaviors in support of their roles the scientific and professional subjects covered within the Pharm-D programme of education.

Name / Qualification	Designation	Qualification

Vision

The Department of Physics seeks to build up national reputation in Physics education and research and to become national leader in producing highly professional and motivated physicists.

Mission

Our mission is to provide a rigorous grounding in the scientific process and a firm scientific understanding of the World to foster critical thinking and to provide scientifically literate, liberally educated citizens through education.

Educating and preparing undergraduate and graduate students for advanced study and employment in education, research institutes and industry.

Developing highly qualified physicists who can serve as major contributors to the scientific and technological literacy in theoretical and applied physics.

Providing physical knowledge, experimental experience and training in analytical reasoning and critical thinking required as the basis for the students seeking advanced studies in physics.

Polishing the expertise and competence in physics of our researchers/academic staff and to prepare them to carry out advanced research in active areas of Physics as demanded by modern world in the 21th century

Introduction

The Department of Physics imparts education and research according to the international standards. All the faculty members of the Department are striving hard for excellence and are exercising their potential to the maximum to uplift the academic standard of the University. To broaden and deepen the vision of the students according to the needs of the 21st Century, the Department focuses on activity-based learning through arranging seminars, symposia, workshops attended by renowned scientists/scholars from established organizations/institutions of the country. The Department has established linkage with local industries and institutions to provide platform for the academic and professional development of students according to their choices. The Department is offering research in the field of solid state physics, condensed matter physics, plasma physics, health and medical physics, environmental physics, radiation physics, lasers and fiber optics, computational physics, soil physics, atmospheric physics, thin film technology and theoretical physics. The Department also intends to organize such activities as conferences, presentations, seminars, workshops, and excursion cum study tours for the students for in-depth understanding of the field at national and international levels.

Vision

We are dedicated to help students understand, apply and appreciate statistics

Mission

We are committed to student learning by providing and assessing courses necessary for providing degrees at our campus and professional requirements. We encourage our faculty to enhance their academic and professional qualifications

We are determined to guide the research students and faculty of the other disciplines in the university

We are committed to conduct and publish outstanding research

We are committed to improve educational environment in the department

Introduction

The department of Statistics was established in the Government College, Faisalabad in 1960 for intermediate and degree classes. In October 2002, when the college was upgraded to University the Masters Program was initiated. The first batch of the students was granted admission to the 4-year BS program in September 2005.

The students of the department are offered core courses, a variety of specialized courses and are made proficient in use of statistical data analysis through Statistical Packages such as MINITAB, SPSS, MSTATC, EViews, etc. Each student has an access to an independent computer in a well equipped computer laboratory. Free statistical consultancy services are available to researchers of other disciplines in the University through qualified experienced statisticians. Consultancy services are also provided to other organizations and industry.

Electrical Engineering

Specialization in Telecommunication

Programmes Offered

B.Sc
Electrical Engineering

4 Year Programme

BS (Hons)
Electrical Technology

4 Year Programme

Phone: (041) 9201565
(041) 9200066-70 Ext: 137
E-mail: telecom@gcuf.edu.pk

Vision

The vision of the department is not only to embrace the rapid changes taking place in the Electrical Engineering (Telecom) sector but also to contribute to it through research and innovations.

Mission

The mission of the Department of Telecom is to prepare individuals capable of responding to the rapidly changing field of telecom and meet the demand of national and international market. The telecom industry has witnessed unprecedented growth in the recent years and it is still growing. It is imperative that our students develop the necessary expertise to grasp this change.

Introduction

The Department of Telecommunication Engineering aims to provide highly skilled professionals to cope with the demands of ever-growing Telecommunication sector in the country. The Department has laboratories well-equipped with the latest instruments in order to follow the techniques of National Instruments (NI) Corporation of USA, with a view to enable students to simulate and implement solutions. The students are given hands on experience in the following laboratories:

1. Telecommunication Design.
2. Advance Digital and Electronics.
3. Virtual Instrumentation and DSP.
4. Computer Interfacing & Industrial Automation.
5. Advance Research and Design.
6. RF & Microwave Lab.
7. Project Lab.

This Department offers a four year B.Sc. Electrical Engineering degree programme in the field of Telecommunication which spans over eight semesters. A working liaison has been established with the industry and the leading telecommunication organizations in the country.

Vision

Our vision is enhancement of the national plan through the preparation of well-qualified, disciplined, competent, new socially committed graduates and postgraduates through quality education and research.

Mission

To promote the discovery and broad communication of knowledge in the fields of zoology, the interrelationships of living things with their environment, and in the context of their evolution. This mission balances cell and molecular, organismic, and supra-organismic approaches to provide an understanding of the nature of life that is especially suited to terrestrial and aquatic environments. We strive for excellence and synergy in our coordinated programs of teaching, research, and service.

Introduction

The Department of Zoology at GC University Faisalabad traces its origins to 1990 for the teaching of graduate and post graduate courses in affiliation with University of the Punjab, Lahore. Recently, the department has been renamed as department of Wildlife & Fisheries to allow international appeal, however students enrolled will get degree in Zoology. The Department has highly trained faculty members with excellent scientific and educational experiences contributing in the development of the nation and still serving the task. The Department is providing teaching and research in various Animal Science disciplines like Biochemistry, Physiology, Endocrinology, Developmental Biology/Embryology, Reproductive Physiology, Parasitology, Toxicology, Molecular Biology, Human Genetics, Palaeontology, Aquaculture, Wildlife and Fisheries. Well equipped core laboratories and specific research laboratory available for M. Phil and PhD students in the Department. Core lab facilities include GC, HPLC, Amino Acid Analyser, Atomic Absorption, Spectrophotometer, Thermo-cyclers, Gel Electrophoresis units, Gel Documentation System, Tissue Culture Instrumentation Laminar Flows, Incubators, Microscopes etc.

Vision

The College aims to produce commerce professionals with strong theoretical and practical knowledge of the field. Vision is to make them successful business leaders and dynamic managers in the ever changing world.

Mission

Commerce is the backbone of any business concern in today's world of cut throat competition and volatile business environment, the role of commerce professionals has become highly demanding and challenging. The need of the hour is to groom professionals equipped with thorough knowledge and practical tools to deal with the prevailing situation. The College envisions promoting research based on facts to grasp the phenomena of the business, market, and project and predict the emerging business trends. Thus ensuring a meaningful contribution to the world of business and Pakistani economy.

Introduction

Faisalabad has grown into a very large industrial and commercial center. More than 55% of the cotton cloth and garment exports are from Faisalabad. This is in addition to the exports of products and commodities. Under these circumstances the provision of the facilities for the trained personnel at Faisalabad has become a necessity. The Government College University, Faisalabad has come forward to address the commercial and industrial concerns of the city by opening the M.Com classes not only Morning session but also Evening session. According to HEC policy, already existing B.Com 2 year program has been replaced by BS Com 4 year program which is international practice and is equivalent to M.Com.

Vision

The department commits itself in providing excellent academic research, advocacy training in order to promote quality in public service, develop a high level of competence in the formulation of public policy In order to better meet the distinctive needs of students in different career tracts

Mission

The mission of the Master of Public Administration Program at Govt. College University strives to meet the needs of current and future public managers. It aims to provide educational opportunities that enable them to become ethical, skillful, creative, and inspirational leaders & to give practicing professionals a learning environment that supports, develops and assists them in enhancing their skills and professionalism in the varied fields related to public management.

Introduction

The Department of Public Administration of Govt. College University, Faisalabad (GCUF) is a dynamic association of public servants and scholars who are interested in Public Administration.

Since our establishment in 2005, Public Administration Department of GCUF has led research in this discipline and has imparted successful public sector expertise around the country. Our mission is to promote excellence in public service and we are doing that in a number of ways: through our prestigious publications, conferences, seminars, awards of excellence and knowledge management networks.

Public Administration can be broadly described as the development, implementation and study of branches of government policy. Public Administration is linked to pursue the public good by enhancing civil society and social justice. Though public administration has historically been referred to as government management, it increasingly encompasses Non-Governmental Organizations (NGOs) that are not acting out of self-interest.

Vision

The Department aspires to promote Arabic language and literature and highlight the primacy and relevance of Arabic language and literature in the contemporary world.

Mission

The mission of the Department of Arabic is to teach Arabic in both its diachronic and synchronic perspectives and enable the students to be fluent in both spoken and written Arabic.

The students will be made capable enough to have direct access to consult the original sources of Islamic sciences

Department will enable the student to face modern challenges towards lingual, social, intellectual and religious matters.

Introduction

The Department of Arabic language and literature was established in the year 1986. The department is one of the oldest and biggest departments of this newly established and very prestigious University. Keeping in view the world scenario, in Pakistan the progress of Arabic language has become very necessary to promote intellectual, religious, lingual and cultural relationship with Arab and Islamic countries. The department has the honour of having eminent scholars, well qualified and experienced teaching staff. In addition to teaching and academic activities, the department is committed to promote research activities by conducting national, international seminars and workshops.

The teaching staff has to focus modern vocabulary and terminology of modern and functional Arabic language to face lingual barriers.

It will be possible to strengthen Urdu and other local languages to bring them closer to one another on the basis of Arabic grammar and vocabulary.

Introduction

Govt College University Faisalabad started its glorious journey more than one hundred years ago. It was a land mark & turning point in its history, while the subject of Islamic studies had been introduced earlier in 1955-56. With the passage of time, it gained much more reputation regarding academic & co-curricular achievements. This distinguished institution has been playing an important role in the uplift of education in multi dimensional way. By the grace of Allaha Almighty in 2002 Govt College Faisalabad was upgraded to the rank of university. It has produced exemplary caliber and shown outstanding results, in Punjab University (as an affiliated college before the status of university) and afterwards as well, at different levels.

Vision

Our vision is to establish Punjabi language, literature and history as one of the oldest and richest literatures of the world favorably comparative with the literatures in other languages.

Mission

The mission of the department of Punjabi is to promote Punjabi language and literature and highlight its rich history and diversity. Punjabi is a language of Sufis which imbibes the culture and values of its people. The department aspires to restore the Punjabi language and literature to its rightful place in academia and society.

Introduction

Punjabi is the language of millions of people of Punjab and a means of communication through which they perform and execute the business of their daily life. For centuries Punjabi has been a medium of expression of the saints and other great poets of this region. Therefore the structure of the Punjabi classical poetry is erected on the foundations of mysticism and high moral values. The great mystics like Baba Fareed Gunj Shakkar, Shah Hussain, Sultan Bahoo, Syed Bulhey Shah, Ali Haider, Syed Hashmin Shah, Syed Waris Shah, Maulvi Ghulam Rasool, Mian Muhammad Bukhsh and Khawaja Ghulam Fareed presented their striking ideas in Punjabi poetic form for the worldly as well as the religious guidance of the people. Punjabi language does not only reflect the realities and attitudes of life but is also a great source of social, cultural and historical identity.

Vision

The College of Law envisions a society which is just, democratic, and law abiding.

Mission

The mission of the College of Law is to prepare legal practitioners with sound theoretical background and commitment to ethics and fair play. These professionals will play their role in upholding the sanctity of the constitution and the courts of law. They will become torch bearers of human rights, child rights, women rights and minority rights, contributing immensely to the cause of social justice and just society.

Our LLB programme provides professional opportunities in virtually all walks of life. The programme provides a comprehensive foundation for professional life with the opportunity to choose one or more specializations in any branch of law.

Introduction

The College of Law was established 2003. The College has its own distinction among other faculties of the University. The programmes offered by the College aim at satisfying academic and professional requirements of the students, so that they may enter the arena of legal practice with all the requisite legal and professional skills. The dynamic teaching College of Law provides legal education with an Islamic and Pakistani perspective that is relevant to the structure of Pakistani state and society. The students are encouraged to develop critical and analytical skills by involving themselves in the research activities. Owing to the commitment and efforts of highly professional teaching staff, the Law College has made its name in the legal education. All the Law Programmes are in accordance with the approved curriculum of HEC and are designed to cater all the professional and legal requirements of the students.

Code of Conduct

INTRODUCTION

1. The GC University Faisalabad (GCUF) has since emerged as a leading research intensive university in Pakistan comparable to the top universities of the world. The university is fulfilling its responsibility of graduating culturally enlightened, technologically knowledgeable, academically competent, and research oriented productive citizens who are prepared to lead, inspire, and serve humanity. The university wholeheartedly commits itself and all its resources to this sacred trust and responsibility.
2. The GCUF community comprises a diverse population of students in pursuit of academic excellence. It strives to refine the ability of students to reason and to communicate freely and clearly so as to become responsible, morally equipped, moderate and well rounded citizens of a diverse world. It is therefore expected that these attributes, in turn, should be reflected in their everyday behaviour, attitude and dress.
3. GCUF believes that the regulations, guidelines, and safeguards described herein are indispensable features to maintaining an academic environment commensurate with the teaching, learning, and developmental endeavors of the university community.

DEFINITION OF TERMS

4. Definitions of different terms are:-
 - a. Complainant means a person who makes a complaint or reports a violation of the University Code of Conduct or University regulations and policies.
 - b. Intentional means deliberate.
 - c. Respondent means a person who has been accused of violating the University Code of Conduct.
 - d. Student means any currently enrolled person for whom the institution maintains educational records, as defined by the University regulations.
 - e. Reckless means careless or heedless of the potentially harmful consequences of one's behavior, where risk of harm to persons, property or normal University operations exists or can be reasonably foreseen.
 - f. University Official is a person employed by the University in an administrative, supervisory, academic, research, or support staff position.
5. **Academic dishonesty.** Academic dishonesty is an act of fraud, which may include misrepresentation, deceit, falsification, or trickery of any kind that is done by the student with the purpose, intent, or expectation of influencing a grade or other academic evaluation. Academic dishonesty also includes forgery and falsification of University academic documents, intentionally impeding or damaging the academic work of others, or assisting other students in acts of dishonesty. Common examples of academically dishonest behavior include, but are not limited to, the following:
 - a. **Cheating.** Intentionally using or attempting to use unauthorized materials, information, or study aids in any academic exercise; copying from another student's examination; submitting work prepared in advance for an in-class examination; taking an examination for another person or conspiring to do so.
 - b. **Fabrication.** Intentional and unauthorized falsification or invention of any information or citation in an academic exercise.
 - c. **Facilitating academic dishonesty.** Intentionally or knowingly helping or attempting to help another to commit an act of academic dishonesty.
 - d. **Plagiarism.** Intentionally or knowingly representing the words or ideas of another as one's own in any academic exercise; failure to attribute direct quotation, paraphrase, or borrowed facts or information.
 - e. **Unauthorized Collaboration.** Providing, either knowingly or through negligence, one's own work to assist a student in satisfying a course requirement, or representing material prepared by or with another as one's own independent work. In instances where students are permitted to work jointly to complete an assignment, instructors will offer clear guidelines about when and how to collaborate; if a student is unsure, it is the responsibility of the student to ask the instructor.
6. **Unfair means.** Use of unfair means generally covers following:-
 - a. An attempt to have access to the question paper before the test/examination.
 - b. Use/possession of unauthorized reference material during test/examination.
 - c. Any form of communication by the examinees with any one in or outside the test/examination room while the test/examination is in progress.
 - d. Unauthorised entry into faculty's office or that of his staff with the intention of having an access to or tampering with the official record/exam paper etc.
