Prospectus 2015

*In the name of Allah
the Beneficent
the Merciful*

My young friends, I look forward to you as the real makers of Pakistan, do not be exploited and do not be misled. Create amongst yourselves complete unity and solidarity. Set an example of what youth can do. Your main occupation should be in fairness to yourself, to your parents, in fairness to the State, to devote your attention to your studies. If you fritter away your energies now, you will always regret.

Vice Chancellor, Government College University Faisalabad

The City of Faisalabad

Faisalabad, the Manchester of Pakistan is one of the first planned and systematic cities in the sub continent envisaged by the British Government, after the name of Sir James Lyall. Lyallpur was the first name ascribed to this fertile land of Sandal Bar. The unique bond present between the sister countries Pakistan and Saudi Arabia paved the way to rename the city after the name of our friend, late King of Saudi Arabia, King Faisal. The City is catering to the needs of more than six million people. Agriculture and industry remains the hallmark of Faisalabad with a powerful and ever developing thrust in these sectors. Faisalabad International Airport, Faisalabad Dry Port and Industrial Zone linked with the Motorway are facilitating this hub of industrial activities.

The historical Clock-Tower with Eight Bazars designed after Union Jack, presents a magnificent example of town planning located in the province of Punjab to the west of Lahore, the provincial capital. With the proper infrastructure, road linkages Faisalabad serves as an example as district, as division and as a city for the developing world. The Faisalabad International cricket and hockey stadiums host international matches. The city has produced great leadership in the fields of politics, education, health, sports, agriculture, economy, bureaucracy and biotechnology.

Government College University Faisalabad

Our Mission is to provide students an enabling environment where dialogue is encouraged and ideas envisioned. We provide the intellectual and physical infrastructure that holds students to the highest moral and ethical values. We achieve these goals with the cooperation of both public and private sectors as well as the faculty and students of GCUF.

History & Introduction

Government College University, Faisalabad has emerged as a leading center of learning and research in a short span of time. The University with its dynamic faculty and innovative syllabi has become a catalyst of intellectual, social and industrial change. It caters to the diverse needs of society by imparting education in almost all the major fields of learning.

The Government College University's journey started as a primary school in 1897 in the present building of Government College for Women, Karkhana Bazar, Faisalabad. It was promoted to High School and Intermediate College in 1905 and 1924 respectively. It was elevated to the degree level in 1933 and postgraduate disciplines were introduced in 1963. The long journey that started with the humble beginning reached its climax when it was granted the status of University in October 2002.

The Government University, Faisalabad has a long history of excellence and distinction as an institution. Renowned scholars and eminent personalities have served this institution in various capacities at various stages of its history. It has produced outstanding personnel who have earned great fame not only for themselves but also for the nation.

The luminaries like Mr. Abdul Hameed, Mr. W.H.F. Armstrong, Mr. Lala Chattan Annand, Mr. Hashmat Khan, Mr. Taj Khyal, Mr. Namdar Khan, Mr. Karamat Hussain Jafari, Mr. Mukhtar Mahmood Qureshi, Dr. Asif Iqbal Khan, Dr. Arif Zaidi and Dr. Zakir Hussain have served this institution.

Prof. Dr. Muhammad Ali
Vice Chancellor

Prof. Dr. Muhammad Ali, a renowned International name in the field of Biological Sciences has joined Government College University Faisalabad as its 4th Vice Chancellor. Ph.D from University of Wales (UK) and Post-Doctoral work from MU Columbia, USA, Dr. Ali, has vast experience in the areas of teaching, research, administration, planning & development and project management. With an academic experience of more than 25 years, he enjoys a strong research outlook with many Ph.D and M.Phil. students to his credit alongwith research impact factor above two hundred. The teaching faculty, staff and students have welcomed the appointment of Dr. Muhammad Ali as Vice Chancellor and hope to take a giant leap under his captaincy in the sphere of higher education.

The Message

Government College University, Faisalabad is a dynamic seat of learning providing inspiring and stimulating environment for research, formal education and professional growth. Research output and quality of education of our University in the past four years has been phenomenal. This improvement is reflected in rapidly ascending ranking of the University in the HEC from 59th to the 8th position and growing confidence of the social and business community of the region.

One of the hallmarks of the university is its innovative and up to date syllabi in accordance with the international standards. Our curricula inculcate creativity, objectivity and critical thinking. Government College University, Faisalabad imparts values of commitment to learning and professionalism. The students develop confidence, adaptability and high level communication skills.

Our University offers a wide range of courses in the fields of Natural and Physical Sciences, Information Technology, Engineering, Food and Home Sciences, Law, Pharmacy, Management & Business Sciences, Humanities, Social Sciences, Fine Arts, Bio-technology and Bio-informatics etc.

This university is striving hard to develop state of the art labs to produce quality research in every field. To provide the solutions for the community problems a strong link between research and industry is a core phenomenon and to achieve this cherished goal all the offices concerned are working hard.

Our University ensures a successful and bright career for its students. It is hoped that Government College University Faisalabad will earn more laurels in future by responding to the needs of society and market.

Office of Research Innovation and Commercialization (ORIC)

Email: oric@gcuf.edu.pk

Mission

The ORIC is responsible for the commercialization of research and knowledge developed by the GCUF researchers, faculty and scholars. Our focus is:

1. To foster and develop collaborative work environments among GCUF researchers, industry partners and funding agencies.
2. To mobilize the faculty to submit proposal for funding from different international and national funding agencies and donors.
3. To manage research activities and grants received for research and development
4. To facilitate the faculty providing Intellectual Property rights and legal services.
5. To establish and implement Internal Compliance Program (ICP) in the university and provide awareness to the faculty and student about the ICP.
6. To communicate and strengthen the University-Industry linkages and hence to promote the Business Incubation Center (BIC) through its network of contacts.

Introduction

The University has implemented R&D policy to inculcate research culture and to increase the research productivity of the University. For coordination and implementation of Research & Development (R&D) Policy and to provide active guidance and support for research, innovation and commercialization activities, an Office of Research, Innovation and Commercialization (ORIC) has been established at GCUF in line with the guidelines of the HEC. Since its establishment in April 2009 (Directorate of Research), ORIC is very actively working to promote research and commercialization activities and academia industry collaboration at GCUF. The GCUF-ORIC team is committed to extend all possible facilitation and assistance to solicit your research plan under R&D projects and programs at HEC, and to encourage each and every single innovation which stimulates the country's economy. We are also creating opportunities for Academia at all levels to directly engage Industry to create more competitive businesses and innovative environment.

 Prof. Dr. Farhat Abbas

Central High Tech Lab

GCUF has established Central High Tech Lab equipped with number of advanced equipment. The students and researchers from GCUF and other organizations can get services for Lab analyses and customized hand-on trainings.

Research Operations & GCUF Publications Database

Research Operation Cell is responsible to oversee all aspects of the operation of the ORIC including research administration (budgeting, auditing and accounting, human resources, management and maintenance of facilities and equipment, implementation of research contracts and human resources).

Publications play pivotal role in HEC university ranking. The ORIC has prepared a "Publication Database" to record all published work of the researchers of GCUF. The database enlists publications in impact factor, national, and international journals. Through generating the Publication Database, the ORIC calculates impact factors of individual researchers, departments, and the faculties of GCUF to give fair credit to researchers/departments/faculties for achievements of GCUF.

Research and Development & GCUF Research Projects Database

Research and Development Cell develops programs and activities that will increase funding for research from all public and private sources, establish and maintain excellent relationships with donors and stakeholders, oversee proposal development and submission. The ORIC prepared a "Research Project Database" for all completed and running research projects of GCUF. The ORIC assist PI's for completing their new research proposals.

Intellectual Property (IP) Policy and Legal Services

IP Policy creates a supportive environment for the achievement of best practice management in the application and commercialization of IP developed within the institute for the benefit of the people of Pakistan and the world at large. The purpose of this policy will be to clarify how intellectual property

Offices of the University

is to be managed by the institute. The IP Policy states position in relation to intellectual property and informs on fundamental steps that lead to the proper management, protection and/or commercialization of intellectual property. This policy is to be followed by all faculty members, researchers as well as students and the research and academic institutions with which the institution concerned may enter into agreements. ORIC-GCUF facilitates the faculty providing IP rights and legal services.

Business Incubation Center (BIC)

A business incubator's main goal is to produce successful firms that will leave the program financially viable and freestanding. These services are usually developed or orchestrated by incubator management and offered both in the business incubator and through its network of contacts. These incubator graduates have the potential to create jobs, revitalize neighborhoods, commercialize new technologies, and strengthen local and national economies. ORIC-GCUF is committed to establish BIC and therefore has requested to HEC for financial as well as technical assistance for the proposed BIC.

University-Industry Linkages and Technology Transfer

This cell promotes the development of public-private partnerships in support of university research, link the university's research community with the needs and priorities of the corporate sector, develops opportunities for applied research and explores opportunities for technology transfer and the commercialization of university research (including incubators and research parks). Effective cooperation between institutions and industry is for mutual benefit depending upon the nature and ability of both to contribute to each other's activities. These relationships must be long term in order to gain maximum benefit out of it. Entrepreneurs and business leaders can contribute as mentors and can offer their expertise in development of entrepreneurship courses and subjects aligned with the needs of that specific industry.

Internal and External Linkages

The ORIC is open to suggestion for improvements. Our goal is to upgrade GCUF's ranking. GCUF is striving for excellence. The ORIC will create good working relationship with higher learning institutions, industries and donor agencies especially

NIAB, NIBGE, UAF, HEC, PSF, PARB, PARC, PCSIR, British Council, USDA, JICA, CIDA, and others to enhance entrepreneurship, academic and research excellence.

Internal Compliance Program (ICP)

Strategic Goods are relating to the development, design, production, stock piling or use of: chemical, biological, radiological & nuclear (CBRN) weapons, conventional arms & military equipment & their delivery. Strategic goods also include dual-use goods, i.e., they may be in use of military as well as in civilian use. In such cases, the industries like aerospace, automotive, advanced engineering, bioscience, chemicals, defence, electronics & telecom, Hi-Tech equipment, information technology, medical instrument, pharmaceutical and research and development are most likely to be affected. In this concern HEC has recently introduced Internal Compliance for Universities; code of conduct/ethics for Scientists. ORIC-GCUF is committed to establish ICP in the University following the directions and guidelines of HEC Pakistan.

Activities

The GCUF-ORIC team is also grooming the faculty through series of seminar/training/workshop for changing mindset and building capacity for Innovation & Commercialization. Recently Dr Khalid Mahmood Zia Director ORIC has been awarded "HEC Best Young Research Scholar Award" among the science and technology faculty all over Pakistan on the basis of his research achievements.

Mission

To provide the secure, peaceful and healthy life style living to the students.

Introduction

Presently university Hall Council office consists of three girls hostels, named Federal Hall, Khadija Hall and Ayesha Hall, situated in the Allama Iqbal Campus, having residential capacity of about 650 students. Keeping in view, the growing demand of accommodation, for the students coming from far-flung areas, construction of four hostels was planned in the new campus. These are under completion and with this an additional capacity of 1200 students will be available at the strength of Hall Council at the end of this year. Students getting admission this year will definitely reside in these new hostels.

Almost fifty percent of the girl students of the university belong to different areas which are far from Faisalabad. Parents of these students always seek secure and peaceful residence for their daughters. Understanding this need of the hour university has planned another project of Four hostels for the girls that will be completed in next year. In this way we will be able to accommodate maximum of our girl students coming from far flung areas to quench their thirst of knowledge.

Admission Process

Admission of students in the hostels is purely on merit and here merit means the distance of their home district from Government College University, Faisalabad. Student after securing her admission has to submit an application in the office of chairperson Hall council, Prof. Dr. Sofia Anwar on printed Admission form duly recommended by chairperson/incharge department concerned. Admission form may be obtained from the same office with the deposit of Rs. 300.

One Assistant superintendent and one superintendent hostel is being appointed from the regular female faculty of GCUF in each hostel, who reside in the respective hostel with the students to look after them and facilitate in various matters. All hostels are provided with the facility of Mess, run by the committee of students itself under the supervisory control of Superintendent and Hall warden. Facility of Generator and internet connection is also provided to the students' for their smooth study and research work. In case of medical emergency students are rushed to nearby hospitals, the university ambulance facility is

available all time. Round the clock security guards are standing on the gate for the protection of students.

Students residing in the hostels have to strictly follow the rules and regulations made by Hall Council office. All the dues have to be paid in time. If any student is found in violation of any disciplinary or financial rules, her admission may be cancelled by Chairperson Hall Council with confiscation of all types of deposited security if required.

Mission

To Provide Peaceful And Secure Environment In the University Campuses.

Introduction

The primary function of the security staff is maintaining law and order in the university campus. Security staff also ensures safety of university property. The security guards also assist Directorate of Student Affairs in dealing with the issues arising out of the violation of university code of conduct. It is all due to the untiring efforts of the Principal Security Officer and his staff that university is successfully maintaining discipline since GCUF is a crowded campus of over 39000 students of various academic disciplines.

Government of Punjab has shown serious concerns over the security measures in the educational institutions, specially catering to very long number of students. In this regard university security committee, comprising of senior faculty and administrations members was developed. Different security measures like raising of the boundary walls, construction of OPs, Appointment of retired army personnel's as security guards, purchase of new weapons, installation of barriers and electronic walk through gates have been adopted. All the faculty members, students and administrative staff are issued university ID cards that is mandatory for them to display in the university premises. Visitors are issues visitor cards in exchange of NIC.

The University has 6 faculties comprised of 46 departments imparting education in various disciplines. In order to centralize the complete process of admissions & maintenance of student's academic record, the Directorate of Undergraduate Studies (DUS) was established in 2012 in order to maintain the complete record of the Undergraduate students from admission till completion of degrees. Since then, the Directorate is maintaining the record file of every individual student admitted in undergraduate programs including the students of affiliated colleges. The Directorate has also the responsibility to facilitate the students in their academic issues i.e., enrollment, re-enrollment, freezing, de-freezing and other relevant academic matters during the course of studies.

The goal of the Directorate is to help students achieve academic success by providing extensive academic advising services as well as coordinating advising support throughout the university. Accordingly, the Directorate works with faculty to establish and administer academic policies, assist with undergraduate curriculum development and review, and support proposals

for new and revised undergraduate programs and courses through the various approval processes. The Directorate is also responsible for assisting undecided students with degree and career planning as well as providing support and tutoring services to the students intending to get admissions in various disciplines.

Introduction

The Distance Education has evolved as an alternative to the formal system of education after an increasing realization that it is not perfectly coping with the educational needs and demands of the rapidly growing population. The demand for education in Pakistan through formal system has consistently run ahead of resources owing to the bulk of their population, therefore, remains educationally defined, and there are failing the demand in formal system, the need of non-formal education in various disciplines becomes evident in concept of distance education. The distance education help to:

1. cope with the rapid increasing demand of education,
2. provide mass education at reasonable and low costs,
3. acquire education at any stage of their life and,
4. boost up the professional development of working people on their job place.

Instead of bringing students to the seats of learning, it was proposed to take schools to the students and hence this concept of distance education came into existence in G.C University Faisalabad.

The main components of its teaching system are:

1. Correspondence package which includes self-learning printed study material.
2. Correspondence tuition and face to face tutorial meetings with qualified tutors.

3. Workshop of each selected course at the end of each semester
4. Course assignments (as an instrument both for teaching and continuous assessment).
5. Final examination at the end of the Semester.

Objectives

The main objectives of Distance Learning Education are to:

- Provide educational facilities to people on their door step.
- Provide facilities to ensure quality education and promote entrepreneurship education.
- Hold examinations and to award and confer degrees, diplomas, certificates and other academic distinctions.
- Increase competitiveness, quality of life with short and practical studies
- Enhance professional knowledge and skills through Practical courses
- Develop, foster and carry out cooperation with various institutions

Code of Conduct

Conduct is the set of rules & regulations to maintain discipline among the students. This Code of Conduct will be enforced in the University, in the constituent Institutes and Sub-Campuses.

The Government College University Faisalabad (GCUF) has emerged as a leading research University in Pakistan. The University is fulfilling its responsibility of graduating culturally enlightened, technologically knowledgeable, academically competent and research oriented productive citizens who are prepared to lead, inspire, and serve humanity. The University wholeheartedly commits itself and all its resources to this sacred trust and responsibility.

The GCUF community comprises of a diverse population of students in pursuit of academic excellence. It strives to refine the ability of students to reason and to communicate freely and clearly so as to become responsible, morally equipped and moderate. It is therefore expected that these attributes, in turn, should be reflected in their everyday behavior, attitude and dress.

GCUF believes that the regulations, guidelines and safeguards described herein are indispensable features to maintaining an academic environment.

Definition of Terms

Unless there is anything repugnant in the subject or context, the expressions used in these regulations and defined or used in this Code of Conduct shall have the meaning assigned to them respectively.

Definitions of different terms are:

1. Complainant means a person who makes a complaint or reports a violation of the University Code of Conduct or University regulations and policies.
2. Intentional means deliberate.
3. Respondent means a person who has been accused of violating the University Code of Conduct.
4. Student means any currently enrolled person for whom the Institution maintains educational records, as defined by the University regulations.
5. Reckless means careless or heedless of the potentially harmful consequences of one's behavior, where risk of harm to persons, property or normal University operations exists or can be reasonably foreseen.
6. University Official is a person employed by the University in an administrative, supervisory, academic, research, or support staff position.
7. Authority: means Vice Chancellor, Discipline Committee and DSA, as the case may be.
8. Discipline Committee means a Committee constituted under rules of the University consisting of members and co-opted members.
9. Punishment: includes any penalty which Discipline Committee deems fit, defined in the rules.
10. DSA: means Director Student's Affairs and includes other officers of the Directorate.

Academic Dishonesty

Academic dishonesty is an act of fraud, which may include misrepresentation, deceit, falsification, or trickery of any kind that is done by the student with the purpose, intent, or expectation of influencing a grade or other academic evaluation.

Academic dishonesty also includes forgery and falsification of University academic documents, intentionally impeding or damaging the academic work of others, or assisting other students in acts of dishonesty. Common examples of academically dishonest behavior include, but are not limited to, the following:

1. **Cheating:** Intentionally using or attempting to use unauthorized materials, information, or study aids in any academic exercise; copying from another student's examination sheet; submitting work prepared in advance for an in-class examination; taking an examination for another person or conspiring to do so.
2. **Fabrication:** Intentional and unauthorized falsification or invention of any information or citation in an academic exercise.
3. **Facilitating academic dishonesty:** Intentionally or knowingly helping or attempting to help another to commit an act of academic dishonesty.
4. **Plagiarism:** Intentionally or knowingly or unknowingly representing the words or ideas of another as one's own in any academic exercise; failure to attribute direct quotation, paraphrase, or borrowed facts or information.
5. **Unauthorized Collaboration:** Providing, either knowingly or through negligence, one's own work to assist a student in satisfying a course requirement, or representing material prepared by or with another as one's own independent work. In instances where students are permitted to work jointly to complete an assignment, instructors will offer clear guidelines about when and how to collaborate; if a student is unsure, it is the responsibility of the student to ask the instructor.

Unfair Means

Use of unfair means generally covers the following:

1. An attempt to have access to the question paper before the test/examination.
2. Use/possession of unauthorized reference material during test/examination.

Classroom Standards: The individual faculty member is primarily responsible for managing the classroom environment. If a student engages in any prohibited or unlawful acts or other behavior that results in disruption of a class, he or she may be directed by the faculty member to leave the class for the remainder of the class period and report the matter to the concerned Chairperson/ Incharge, who will forward the matter to DDC/Director Students Affairs. Students must be protected against infringement of their rights and unfair practices.

Identification/Registration Card: Each member of the University community is issued a picture Identification/Registration card or visitor's pass, and must wear it at all times while on University premises or at University-sponsored activities. Identification/Registration cards must be presented upon entering University buildings and must be worn while on University premises.

Identification/Registration cards are not transferable. The owner of the card will be called upon to account for any fraudulent use of his or her identification card and will be subject to disciplinary action by the University if he or she has aided such fraudulent use. The card will be forfeited if the student to whom it was issued allows any other person to use the same.

Upon card owner's withdrawal from the University, all rights and privileges related to the identification card will automatically cease. If the student withdraws, or is suspended or expelled, from the University, the identification card must be surrendered to the College/institute as the case may be.

Visitors and Guests: Students cannot invite any visitor without the permission of Competent Authority. Students may be held accountable for the acts of misconduct of their guests while on University premises or at University-sponsored activities. Visitors, including invitees shall conduct themselves, at all times, in a manner which is consistent and in line with maintenance of orderly behavior in the University premises.

Acts of In-discipline/Prohibited Conduct

All students are prohibited from engaging in conduct resulting in, or leading to, any of the following:

Programs Offered

1. BS English Literature & Linguistics
2. MA English Linguistics & Literature
3. MPhil Applied Linguistics
4. PhD Applied Linguistics

Chairperson: Dr. Asim Mahmood

Vision

To make notable contribution to the national wealth by training a high-quality human resource in the form of skilled English language teachers, general and applied linguists, language researchers, and, above all, thinking and useful human beings.

Mission

To give its students an in-depth and integrative understanding of the dynamics of language and its role in the construction of knowledge and values. In today's world of linguistic diversity, the importance of learning a language in its global perspective becomes even acuter.

Introduction

The Department aims at serving the nation by filling the gap of expertise in language-related studies in the country, directing its special attention to qualitative improvement in the profession of language teaching/learning through field-specific research. The Department seeks to join hands with the HEC in paving the way towards the common goals of achieving excellence in language-related studies/research and embarks upon this enterprise in conjunction with the centres sharing similar aspirations. In order to realize its aims, the Department offers specialized courses at different levels such as BS (Hons) in English Literature & Linguistics, MA English Linguistics & Literature (Morning & Evening), MPhil in Applied Linguistics and PhD in Applied Linguistics. Our spirited team aims at providing students with an understanding of the theoretical and empirical foundations of various disciplines of linguistics and applied linguistics, enabling them to develop an informed and critical awareness of the issues of linguistic analyses and use. Above all, students are trained to seek relevance and applications of theoretical perspectives in the national context.

Alongside academics, the Department organizes various events to groom its students. The students who are awarded degrees from the Department have a vast range of jobs to choose from. The Postgraduate Diploma in ELT is an evening programme, primarily intended for teacher training. The syllabus of this programme includes the latest models of grammar, and approaches and techniques of language teaching and testing. The faculty members of the Department have contributed above hundred research papers to academic journals in addition to presenting papers at various conferences across Pakistan.

Vision

Our shared vision, here at the Department of Applied Psychology, is to develop high quality trained professional clinical psychologists to pursue the excellence in the field of psychology and to make significant and meaningful contribution towards the socio-economic betterment of our country.

Mission

The mission of the Department of Applied Psychology, GC University Faisalabad, is to provide and inculcate the knowledge of human behavior to the students seeking such knowledge in an effective and research oriented manner. Moreover, the department is committed to meet the challenges of the modern age by producing researchers and professionals in the field, which will help to understand and ultimately resolve the problems of society.

Introduction

Psychology, being a scientific study of human behavior and mental processes, has not only achieved immense popularity with scholars of modern age but it has also helped in understanding the psychological problems of the society. Psychological knowledge is now applied to such diverse areas as psychotherapy, counseling and guidance, hospital management, environment, business, education, industry, crimes linguistics, and critical evaluation of literature and fine arts. Government College University Faisalabad started studies in Applied Psychology at post graduate level and plans to satisfy the long standing demand of the area. GC University, Faisalabad, has also introduced BS (Hons) programme. The Department aims at producing high quality professionals and psychologists who are committed to pursue excellence and are endowed with vision, courage and dedication. Our students, after completing their degrees, will make significant and meaningful contribution towards the socio-economic betterment of the country through

the development of human resource.

Department of Economics

Phone: 041-9201478
Email: economics@gcuf.edu.pk
sofia_eco@gcuf.edu.pk

Vision

To achieve broad and increasing recognition of the excellence of its programs among those offered by public and private institutions in the region and at international level; and to equip students with skills to implement theoretical and applied research work that will contribute to knowledge and resolve problems confronting the economy.

Mission

To enable the students to exercise their intellectual capacity, to acquire disciplinary knowledge and analytical skills, to value diversity in people and ideas, and to develop ethical decision making abilities. To produce quality economists that will play their constructive role in different public, private sector organizations, policy making, and research. The learning environment is distinguished by admission on merit only, highly accessible faculty, teamwork, and information technology-supported education. The economics faculty places an emphasis on excellence in teaching through continuous professional development in instruction, as well as, in applied and theoretical economic research. Currently, the Department is offering graduate and postgraduate degree programs viz-a-viz BS, MSc, MPhil and PhD.

Introduction

Economists deal with scarcity and choices. In a society where resources are limited and cannot meet the claims put upon it, economists suggest guidance for steering the economy to hit utmost desired goals utilizing limited means with a prime objective of social welfare in all decisions. Economic theory provides powerful and often surprising insights into individual

and social behaviors through providing a better understanding of a variety of contemporary issues.

The employment prospects for economists are very wide as the importance of economics is inevitable. Students who study economics here acquire problem solving skills that are valued by government and business employers, skills that can be used to examine a variety of economic policy issues e.g. problems of unemployment and inflation, policy and project evaluation, the impact of monopoly power and regulation, the impact of foreign trade, and public intervention to deal with social problems like environmental pollution. Our department is well-known for the excellence of its teaching and advising, with a strong reputation for producing innovative PhD graduates.

The Department of Economics has developed curricula to become competitive with the present day requirements. Formulation of policy alternatives by conducting solution oriented research to assist the decision makers for uniform growth and developing manpower in line with the demands of local and international markets are the priorities of the Department. In this context, the Department of Economics is playing a key role to fill the gap of availability of human resources that are required to improve the momentum of economic growth and eradicate socioeconomic evils.

Objectives

The general goal of the Department is to serve for the public good and to make the knowledge of Economics accessible. All the academic programmes i.e. BS, MSc MPhil and PhD of the Department of Economics have been carefully designed to fulfill the following objectives of the Department and the market demands.

Email: englliterature@gcuf.edu.pk

Vision

To enable the students to cope with the radical changes taking place in the field of knowledge and to stimulate humanistic learning and the capacity to respond rationally and imaginatively to literature and the life it reflects. Through the advancement of knowledge, skills and human creativity, the Department prepares students to be independent and enlightened thinkers, professionals and opinion leaders of tomorrow.

Mission

To inspire an appreciation for the English language and its literatures, and to cultivate its effective use in creative expression and day-to-day life. The Department strives to enhance student success by fostering an environment conducive to intellectual and personal growth and aims to preserve and protect academic freedom and intellectual independence, and provide a forum for critical inquiry and debate. Our mission is to instill in the students a spirit of critical inquiry, capability to look beyond their parochial surroundings and analytical vision to place and define themselves in the wider social, cultural, political and ideological environment. Through our extensive curriculum, we aim at development of an educated and enlightened population capable of informed judgment and responsible citizenship and the availability of persons who have the knowledge, skills and adaptability required by public and private enterprise.

Introduction

The Department of English Literature is one of the leading departments of the University with a rich history of excellence, quality teaching and research spanning over decades. The Department has always been committed to the symbiotic relationship of teaching, research and the larger concerns of society. The Department of English seeks to provide for the diverse needs of its students by offering them the opportunity to read widely, to understand and enjoy what they read, and

to express themselves both orally and in writing with ease, force and clarity. The English Department maintains its strong commitment to traditional areas of study, while also supporting groundbreaking research and teaching in new and interdisciplinary approaches to literary studies. Courses are designed to be challenging, interesting and intellectually stimulating. The state of the art courses like Post-Colonial Literature, Modern Literary Theory, Literature around the World and Pakistani Literature in English, Popular Narrative, Media and Culture Studies and Comparative Literature have been added in the curriculum to give a diverse perspective to the students and to convey knowledge of literary history, literary forms and literary theory.

The Department grants BS, MA, and M Phil degrees. We are one of the largest departments in the university with over 30 faculty members. The Department of English caters for the needs of other departments related to English language, hence maintaining close ties with other departments. English Department teaches across the whole range of English literature and language studies. Our aim is to provide students with a stimulating environment in which to develop skills in all areas of English.

Programs Offered

1. BS History
2. BS Pakistan Studies
3. MSc Pakistan Studies
4. MA History
5. MPhil Pakistan Studies
6. MPhil History

Incharge: Mr. Abdul Qadir Mushtaq

Vision

We aim to be a leader of the disciplines of social sciences by developing analytical tools excelling in teaching, scholarship and exploiting opportunities for academic research.

Mission

The Department of History and Pakistan Studies is dedicated to the pursuit of academic excellence and diversity. The department strives to polish the students' intellectual curiosity with a focus on tools to assess and solve complex problems and inculcate skills to become independent and motivated decision-makers.

Introduction

The Department of Pakistan Studies was established in 2003. It was renamed as Department of History and Pakistan Studies in 2011. The Department offers programmes i.e. MSc (Morning/Evening) and MPhil (Evening) in both History and Pakistan Studies. It aims to impart learning and understanding of the philosophical, social and cultural, political and economic contours of the discipline of History as well as various aspects of the state and society of Pakistan. It also attempts to orientate the students towards the institutional strengths and weakness of the government to reinforce its strengths and correct what we may call our deficiencies.

Our goal is to make the department as a centre of excellence by producing capable experts and quality research in both the disciplines of History and Pakistan Studies. The Department would launch PhD programme in near future. Pakistan Studies is an inter-disciplinary subject and it offers courses which have close affinity with and understanding of other subjects of Social

Sciences such as Economics, Sociology, History, Political Science and Pakistani languages and their literature. We are trying our best to encourage and prepare the students for the exploration, analysis and advancement of research on the issues besetting Pakistan internally and externally. In this regard, the authorities of the university are planning to establish a Research Centre in near future which would not only concentrate on the basic issues of Pakistani state and society but also examine and boost the prospects of peace in South Asia and suggest ways and means to promote harmony and stability in the region.

Email: law@gcuf.edu.pk

Programs Offered

1. LLB (5 Years)
2. LLB (3 Years)
3. LLM
4. LLM (Weekend)

Coordinator: Dr. Muhammad Mumtaz

Vision

The College of Law envisions a society which is just, democratic, and law abiding.

Mission

The mission of the College of Law is to prepare legal practitioners with sound theoretical background and commitment to ethics and fair play. These professionals will play their role in upholding the sanctity of the constitution and the courts of law. They will become torch bearers of human rights, child rights, women rights and minority rights, contributing immensely to the cause of social justice and just society.

Introduction

The Faculty of Law was established in 2003. The Faculty has its own distinction among other faculties of the University. The programmes offered by the College aim at satisfying academic and professional requirements of the students, so that they may enter the arena of legal practice with all the requisite legal and professional skills. The dynamic teaching faculty of Law provides legal education with an Islamic and Pakistani perspective that is relevant to the structure of Pakistani state and society. The students are encouraged to develop critical and analytical skills by involving themselves in the research activities. Owing to the commitment and efforts of highly professional teaching staff, the Law College has made its name in the legal education. Five Years Law Programme is in accordance with the approved curriculum of HEC and is designed to cater to all the professional and legal requirements of the students.

The College of Law arranged many conference since it was established. In December 2014, we organized an International conference on "Law & Order and Criminal Justice System". Well known speaker though out the country participated in it. Recently a conference on "Rule of Law" was organized in Muree where eminent figures from education, judiciary and legislation participated.

Vision

To prepare students for successful media and media-related careers. The department seeks to inculcate the values of truth, objectivity and impartiality among the students so that they may perform their roles as disseminators of knowledge and makers of opinion without any bias and prejudice.

Mission

To promote healthy and positive approach towards communication, information, knowledge and opinion.

Introduction

Communication and media studies have gained vital importance in this age of science and information technology. A nation cannot safeguard its domestic and foreign interests, and get its due status in the globe without using its communication channels effectively. Advancement in information technology has made the world a global village. So, it is the need of the hour to give special focus on mass media education. Although Mass Communication is an emerging discipline, yet, it has got paramount importance in recent times. Media is playing a vital role in promoting different ideologies both in the domestic arena and around the globe. It is a reality, that a plenty of factors influence the production and consumption of the message for effective communication. The productions of media contents have to pass through different phases. Therefore, in-depth understanding of covert and overt pressures on the production of the media contents is indispensable for the students of Mass

Communication. Public Relations, Communication Strategy, Advertising Campaign, Media Policy, Image Building and Public Opinion Formation are the basic tools of communication in media studies. Keeping in view the challenges of modern time, Government College University, Faisalabad established the Department of Mass Communication in 2005. The foremost objective was to provide an opportunity to the students to equip themselves with the blend of skills and knowledge to meet challenges in national and international arena. The department has an excellent academic environment. All the faculty members are experienced and qualified. Students are also being benefited from the expertise of media educators and known professionals. All University facilities; transport, hostel residence, main library membership, study, excursion tours and sports facilities are available for the students.

The Department is presently offering Master degree in Mass Communication in morning and evening classes separately along with 4-years BS (Hons) in Mass Communication in the Morning session. Shortly, a print production house, a broadcasting house and TV studio will be set to impart practical skills to the working journalists and students alike. After the completion of their courses, students will be able to become professionals in public relations, advertising agencies, print and electronic media, as reporters, editors, anchors persons, radio producers, TV producers, media managers, public relation officers, publicity officers and copy writers.

Vision

The Department of Political Science at Government College University, Faisalabad aims at being recognized as a leader among political science programs at institutions of comparable size and character. Pursuant to this goal, the Department is committed to excellence in teaching, scholarship and mentoring. By offering a distinctive program that includes opportunities for independent research, experiential learning and off-campus study, the Department promotes scholarship in the political science discipline, civic participation and leadership.

Mission

The mission of the Department of Political Science is to promote scholarship, leadership and responsible citizenship among students at Government College University, Faisalabad. The Department provides a solid liberal arts curriculum that exposes students to the principal subfields of the discipline and develops transferable skills of liberal learning. Actively involved in research, teaching and applied scholarship, the political science faculty serves as mentors to students seeking academic challenge and civic involvement.

Introduction

Great emphasis is being laid on Political Science as an academic discipline since 20th century. In the wake of globalization, free-trade and increasing influence of supra-state institutions world over, Political Science has gained all the attributes of dominating the world-scene in the 21st Century. The Department of Political Science deals in the area of study which encompasses the global as well as domestic affairs. It examines some of the critical issues of modern times, including the changing nature of international cooperation and conflict, the new character of warfare, the impact of globalization upon states and societies and the

persistence of world problems such as poverty, migration and drug trafficking. The roles of state and non-state actors in shaping world politics in the new millennium are central to the study of Political Science, as is an understanding of how different visions of world order affect the prospects for peace and security.

In the era of globalization and regionalism, national survival is now premised on international orientation for which the nations strive not only to equip themselves with modern technologies in all fields but also with competencies in the management of trans-national relations.

To achieve this objective and to build future national leaders who are capable of playing effective roles in government, political institutions and international organizations the Department has designed broad based Programs in Political Science & IR. The main objective is to provide the students with an education that develops an understanding of the national and international community socio-political and economic spheres. In near future, the department aims at introducing the MPhil program in International relations, BS Politics & Parliamentary studies and PhD in Political Science.

Email: sociology@gcuf.edu.pk

Mission

The mission of Sociology and Social Work department is to provide sociological knowledge to the students, which is relevant to their practical life. This is being achieved by imparting knowledge and skills to young sociologists-social engineers and social workers. Moreover, efforts are made to discover the broad pattern of interaction of social life that influences the social behavior. This is further strengthened by carrying out research on socio-economic, cultural, social, demographic, environmental and political problems of Pakistani Society.

Introduction

Sociological knowledge is applicable in every field, in every day personal interactional situation and in all aspects of life. Sociology is the scientific study of the human relationships and their consequences. It is the study of collective human behavior and social forces. It is committed to provide research skills to students that can be integrated usefully with relevant practical experience. Sociologist seeks to discover the broad patterns of interaction of social life that influences social behaviors. We provide students with a coherent introduction to core themes and issues of the discipline in a stimulating environment. Moreover, the department of sociology offers graduate and post graduate level education in sociology with a strong emphasis on communicative process and technologies within institutional settings, drawing on the active research interest of faculty and students. It also offers education in sociology within an interdisciplinary context which highlights the continuities and differences among a number of scientifically social prospective. Training in a range of methodologies and research skills appropriate to these disciplines provides rigorous foundation for this distinctive feature. In addition, internship opportunity with international and national organizations working in the field of social development is provided to the students in order

to blend the academic knowledge with practical skills.

The department of Sociology was established in 2005 at Government College University Faisalabad. The faculty of the Department includes highly qualified and experienced teachers who have a track record of academic and research experience and relevant field experience in national or international organizations.

In addition, short certificate courses on different social development aspects like Poverty Alleviation, Gender and Development, Human Development and Sociology, Communication and Presentation Skills, Community Management Skills, Urban Transportation Management, Urban Renewal, Participatory Relax/Rapid Approach (PAR), Project Planning and Logical Framework, Population Studies, and Social Problems of Pakistan etc. are being planned to be launched very soon.

Prof. Dr. Farhat Abbas **Dean**

Ph: 041-9201566

Email: farhat@gcuf.edu.pk

Prof. Dr. Farhat Abbas, a PhD in Agricultural Engineering with expertise in Environmental Engineering from Newcastle University – UK, is well recognized for his skills in planning and developing of technology programs at University level. He established Faculty of Engineering, strengthened by five departments enlisted parallel at left side.

Prof. Abbas is listed among HEC recognized supervisor in the field of Engineering as he continues to supervise PhD and MPhil students. He has authored a number of research articles, book chapters, and extension manuals. He is a successful resource developer in securing funds for PC-1 and executing new projects for University's growth.

The Faculty of Engineering is contributing to the Faisalabad community from the platforms of Faisalabad Waste Management Company, IEEE Computer Society & other chapters, solar powering GCUF New Campus and ICT services for holding exams of NTS, Judiciary, and University's entry tests.

Vision

The vision of the Department of Computer Sciences is to ensure that the students take maximum advantage of the modern computer sciences to solve a wide range of complex scientific, technological and social problems.

Mission

The mission of the department is to provide exemplary education and training to our students in the field of computer so that they productively contribute to academia and industry.

Introduction

The Department of Computer Science is one of the most prominent and oldest centers of computer education in Faisalabad city and was established as a separate department by offering ICS program in 1999. The progress journey of the department continued, and it offered BS (CS) program in 2001 and MCS program in 2004.

The department provides excellent computing facilities and ensures the enhancement of practical knowledge of students by facilitating them to learning. The Computer Science Department provides a comprehensive range of facilities necessary for computer use and a library of programs and packages for solving scientific, engineering, commercial and social problems.

Laboratories

The department is equipped with three state of the art computer labs with the latest Pentium machines. These laboratories which are accessible to all students and teachers of Computer Science Department are linked through the state of the art network environment for retrieving information. It is for the first time

in the history of Faisalabad for an institute to have its own established software house.

The following laboratories have been set up:

- Database Design Lab
- Software Development Lab

A team of excellent and dedicated developers works untiringly hard to develop, design and update wide range of software that meets the university requirements in addition to the market demands as well.

Department of Electrical Engineering

Phone: 041-9201565
Email: telecom@gcup.edu.pk

Vision

To embrace the rapid changes taking place in the Electrical Engineering sector and also to contribute to it through research and innovations.

Mission

To prepare individuals capable of responding to the rapidly changing field of technology. The telecom and power industry has witnessed unprecedented growth in the recent years and it is still growing. It is imperative that our students develop the necessary expertise to grasp this change.

Introduction

The Department of Electrical Engineering aims to provide highly skilled professionals to cope with the demands of ever-growing Telecommunication sector and Energy sector in the country. The Department has laboratories well-equipped with the latest instruments in order to follow the techniques of National Instruments (NI) Corporation of USA, with a view to enable students to simulate and implement solutions.

A working liaison has been established with the industry and other leading telecommunication organizations in the country.

Facilities

- Telecommunication Design.
- Advance Digital and Electronics.
- Virtual Instrumentation and DSP.
- Computer Interfacing & Industrial Automation.
- Advance Research and Design.
- RF & Microwave Lab.
- Control System Lab
- Satellite and Optical Fiber communication Lab
- Project Lab.
- Machines Lab

- Power Electronics Lab
- Measurement and Instrumentation Lab

Alongside classroom theory lessons, the students are provided complete practical training in the field of Circuit Design, Digital Signals Processing, and RF hardware with modulation tool kits in these states of art laboratories with the help of software and hardware defined techniques. Students are also encouraged to focus on Digital Layers concept of Communication Systems. These Labs with their flexible use and high quality NI hardware, can innovate students in learning and research projects. The department enjoys the facility of a Library and access to the latest engineering field text books, which is sufficient to quench students' thirst of knowledge. This will help students to rise to the optimum standards of academic achievement and to serve nation in the field of telecommunication and Power engineering with better achievements.

Programs Offered in Distance Learning

1. BTech in Electrical Technology
2. BTech in Civil Technology
3. BTech in Mechanical Technology

4. MPhil Environmental Engineering
5. PhD Environmental Science

Vision

The vision of the department is to highlight the fact that Environmental Science is a multidisciplinary subject combining natural processes, physical environment and human activities. The understanding of knowledge and skills acquired through studying environmental sciences and engineering is critical to the attainment of sustainable development and sound environmental management.

Mission

To make people aware of the hazards of environmental pollution and other related health issues and offer solutions to these problems. To educate students and community with regard to local, regional, and global environmental challenges with regards to climate change adaptability.

Introduction

Environmental pollution is an issue of utmost importance globally. The awakening of environmental awareness has led to massive changes. Industry is facing tougher regulations

regarding the safety and environmental acceptability of its products. Research opportunities in Environmental Sciences and Engineering are growing as new programmes open up to tackle local, national, regional or global problems of Environmental Sciences at both theoretical and applied levels.

Understanding and assessing the myriad of environmental problems and devising national strategies and methods for their control are one of the major international challenges of the modern technological world. There is a global demand for pollution abatement which requires a sound technical knowledge of factors and processes, including Earth and Agricultural Sciences, Chemistry, Biology, Pharmacy, Medicine and Engineering, and the development of new disciplines like Environmental Toxicology and Risk Assessment.

Hence, degree programmes in Environmental Sciences and Engineering will bridge the gap between various disciplines. As a result of the implementation of the Government's policy on health, environment and controlling environmental pollution, there shall be a great demand for technical and consultative services.

By introducing the discipline of Environmental Sciences and Engineering, we shall be able to produce professionals capable of doing technical and consultative work related to environmental and natural history studies and would replace foreign consultants. The challenges of the 21st century would require advance research and activities in the field of Environmental Sciences and Engineering. It is, therefore, necessary to develop the research facilities in order to cope with future demands.

Department of Information Technology

Email: it@gcuf.edu.pk

Mission

To provide responsive and dependable delivery of Information Technology to the graduates in the various disciplines of Information Technology and to train them to apply the knowledge and skills of Information Technology in the Industrial and Business Sector.

Vision

To realize the Information Technology Division's success by respectfully acknowledging diverse and changing needs of the individuals in the dynamic fields of teaching, research, industry and outreach.

Objectives

The main objective of Department of Information Technology is to offer its students comprehensive education that will enable them to apply essential skills and a deep understanding of management issues, detailed knowledge of technology and a passion for solving business problems using innovative technology.

Introduction

The department provides excellent computing facilities and ensures the enhancement of practical knowledge of students by facilitating them to learning. The Department of Information Technology provides a comprehensive range of facilities necessary for computer use and a library of programs and packages for solving scientific, engineering, commercial and social problems. The department is equipped with state of the art computer labs with latest machines. These laboratories are accessible to all students and teachers and also linked through the state of the art network environment for retrieving information.

Department of Software Engineering

Email: se@gcuf.edu.pk

Mission

The mission of department of software engineering is to produce worthy graduates in the various disciplines of software engineering and to train them to apply the knowledge and skills of software engineering in the design, development, documentation and maintenance of software.

Vision

The advancement of software engineering and the solution of the real world problems with respect to software and automation. To make the department prominent due to its research and development activities. To educate the students to become research oriented software engineers that are confident and meet the international standards.

Introduction

The department of software engineering provides excellent computing facilities and ensures the enhancement of practical knowledge of students. The department provides a comprehensive range of facilities necessary for computer use and library of programs and packages for solving scientific, engineering, commercial and social problems. The department is equipped with computer labs having Pentium machines. These laboratories are accessible to all the students and teachers and also linked through the state of the art network environment for retrieving information. The department now exists and excels in the newly created faculty of Engineering.

Section 1: Islamic Studies

Vision

The vision of the department of Islamic Studies is seek to advanced knowledge & understanding of classical and modern Islamic religious thoughts and Islamic textual traditions and to provide understanding of Islamic culture and intellectual history in the pre modern and modern period.

So they can solve the contemporary issues and introduce Islam as religion of peace, tolerance mutual harmony.

Mission

- To present Islam as a code of life based on the revealed knowledge of the Quran & Sunnah.
- To ground in a study of Islam as worldview, civilization & living reality.
- To engage student in exploring primary texts, history, global Muslim communities and the regional issue of the Islamic world.
- To provide the closer look at the various histories of Islam in places such as the middle east, Africa, south Asia and Europe.

Introduction

Government College University Faisalabad started its journey to deliver the education more than one hundred years ago. The subject of Islamic Studies was offered in 1955-56 while before the partition of subcontinent the course "Deenayat" had been offering by Mr. M. Abdullah Kamil. Department's Pioneer role was played by Prof. Iftikhar Chishti & Prof. Dr. Muhammad Ishaq Qurashi (a famous national personality). Later on in 1985, the department of Islamic Studies was established. Since its establishment, the alumni of this department have been

contributing to the various institutions in country and abroad. Presently, the department is offering four programs following HEC criteria. Two research Journal "Zia-e-Tahqeeq" & Al-Ihsan have also been launched to highlight the intellectual efforts of the faculty members and students. Seven issues of the journal Zia-e-Tehqiq and three issue of Al-Ihsan have been published. Furthermore "Seerah Chair" and Tasawwuf Study Centre" were established in Department of Islamic Studies & Arabic for promoting moral values, harmony and peace in all spheres of Human life. Department has organized three National Seerat Conferences, two International Seerat, two National Tasawwuf, Qiraat & other Seminars and workshops. In 2013, the department of Islamic Studies was renamed as "Department of Islamic Studies & Arabic" by the Competent Authority. Department is also offering MA (2Years) & MPhil (2Years) program through Distance Learning Education. So, that the quality education could be delivered in an affordable & an accessible way in the field of Islamic studies.

Section 2: Arabic

Vision

The Department to promote Arabic language and literature and highlight the primacy and relevance of Arabic Language and literature in the contemporary world.

Chairman: Prof. Dr. Hamayun Abbas

Introduction

Arabic is an official language of the United Nations and a major language of the Middle East and North Africa, spoken by 280 million people around the world. Arabic is the living medium of vibrant contemporary literature and culture. Arabic is also the language of Holy Quran and Islamic world, the need of billions of people and has a significant influence as a religion and a civilization in the culture and politics of the world history and the globalised context of the Modern world. The department intends to take effective measures to expand the vision of the status of Arabic language in Pakistan on the following lines, The students will be made capable enough to have direct access to consult the original sources of Islamic sciences, Arabic language and literature

Department enables the student to face modern challenges towards lingual, social, intellectual and religious matters.

The teaching staff has to focus modern vocabulary and terminology of modern and functional Arabic language to face lingual barriers.

It will be possible to strengthen Urdu and other local languages to bring them closer to one another on the basis of Arabic grammar and vocabulary.

Installation of a language lab will be possible soon which may prove to be most scientific way to learn the right accent and basic skills of Arabic language.

Department of Persian

Phone: 041-9200672

Email: persian@gcuf.edu.pk

Programs Offered

1. BS Persian
2. MA Persian
3. MPhil Persian
4. Diploma in Persian (6 Months)

Coordinator: Dr. Ghulam Akbar

Mission

The Department would play a vital role in promoting and spreading Persian language which can act as a bridge between two countries Pakistan and Iran. Our mission is to revive the glory of Persian language which is a store house of immense literary and philosophical literature.

Knowledge of Persian would help to learn Turkish, Arabic, Urdu, Punjabi, Sindhi, Pashto, Blochi, and Hindi and pursue a variety of exciting careers in Government, International business or education. Our national language, Urdu has more than 60% Persian words.

Introduction

Persian is spoken by 120 million people not just in Iran, but also in Afghanistan and Central Asia. Learning Persian language is not only a source of developing our relations with Iran, Afghanistan, Tajikistan and other Persian regional countries but also helps in fully understanding Urdu language, literature and Allama Iqbal's poetry. In addition, a great treasure of religious books is in Persian language and many other have been translated in Persian language. These books are an authority in religious and religious teachings too.

In GC university Faisalabad, the department of Persian is newly established w.e.f 20th April, 2013; with a view to provide facilities for advanced studies and research in the fields of Persian language and literature with particular emphasis on the literature produced in the Indo-Pak subcontinent during the last nine centuries, and to familiarize the younger generation of this country with the history, language and literature of Iran. With the kindness of worthy vice chancellor Prof. Dr. Muhammad Ali, the department of Persian organized a Romi Seminar on March 18, 2015.

Career Opportunities

Students of this Department continue to enter a variety of vocational fields, some of which are CSS, Advertising, Media, Banking, Business, Translation /Interpreting, Teaching, Educational Administration & Research, News agencies, Foreign Ministry, Central Asia Trading etc.

Department of Punjabi

Phone: 041-9200672
Email: punjabi@gcuf.edu.pk

Vision

Our vision is to establish Punjabi Language, Literature and history as one of the oldest and richest literatures of the world favorably comparative with the literatures in other languages.

Mission

The mission of the department of Punjabi is to promote Punjabi language and literature and highlight its rich history and diversity. Punjabi is a language of Sufis which imbibes the culture and values of its people. The department aspires to restore the Punjabi language and literature to its rightful place in academia and society.

Introduction

Punjabi is the language of millions of people of Punjab and a means of communication through which they perform and execute the business of their daily life. For centuries Punjabi has been a medium of expression of the saints and other great poets of this region. Therefore the structure of the Punjabi classical poetry is erected on the foundations of mysticism and high moral values. The great mystics like Baba FareedGunjShakkar, Shah Hussain, Sultan Bahoo, Syed Bulhey Shah, Ali Haider, Syed Hashmin Shah, Syed Waris Shah, MaulviGhulamRasool, Mian Muhammad Bukhsh and KhwajaGhulamFareedpresentd their striking ideas in Punjabi poetic form for the worldly as well as the religious guidance of the people. Punjabi language does not only reflect the realities and attitudes of life but is also a great source of social, cultural and historical identity.

Vision

The Department of Urdu has greatly contributed in the promotion and development of Urdu language and literature since its birth in 1963. The Department started MPhil and PhD programmes in 2004 and 2009, respectively.

Mission

Urdu language has become a craze all over the world and it has connected us with the literary tradition and great works of cross cultural literary studies plus new critical theories, prevalent in the modern literature. This vision of the Department is being worked upon by implementing that frame of policies guide us to this direction.

Introduction

The department of Urdu in GCUF was established in 1963 at post graduate level and very illuminating teacher Mr. Manzoor Hussain Shoar became its first chairman and academic leader. After attaining the status of University, Professor Ishfaq Hussain Bukhari became the first Chairman of the department of Urdu. The department introduced its MPhil programme in addition to its regular master programme. The MPhil programme was started on 2004 and PhD programme started on 2009. The department has recently started B.S Urdu four years' programmes in 2010. The Department has designed various new courses, like, Computer Literacy, translation, communication skills and script writing. The department is making every effort to encourage and nourish creative talent as well as research aptitude of students. A Journal of Research 'Zuban-o-Adab' is being published by the department according to the parameters

of HEC. Biannual literary magazine of the department reflects also its endeavor to develop creative talents of our youth.

Since 2006 the department has been publishing its Research Journal "Zuban-o-Adab" which has got wide recognition and approved by HEC in 2011. In order to have better introduction the Department has Six International Conferences and Seminars as under:

Section 1: Public Administration

Vision

Developing conscientious and above board citizens having a passion, desire and thirst to serve the society.

Mission

To inculcate ideologies, norms and practices of administration among our learning community for achieving the idea of state.

Introduction

The Department of Public Administration is a dynamic association of public servants, scholars and pupils having a deep rooted interest in improving the policy implementation in public sector organizations. As a discipline, it is often compared with Business Administration. In fact, it has the added advantage for the prospective students who will have extensive knowledge about effective and efficient methods for running public as well as private organizations after the completion of their respective programs. Our students may pursue careers in public, private and non-governmental organizations.

Introduction

Pharmacy is a life saving health profession. Significant changes in the national healthcare systems worldwide have also fuelled critical review for ensuring that the services provided in a modern healthcare system are of appropriate quality. This concept has totally revolutionized the service providing approach of the Pharmacy profession which has developed into a multi-disciplinary high quality practice internationally.

The development of potent synthetic drugs has substantially shifted the responsibility of Pharmacists towards appropriate use of modern medicines so as to ensure optimum drug therapy and protecting the public from associated adverse reactions. It is therefore necessary to prepare and groom pharmacists who believe firmly in the philosophy of pharmacy, are prepared to accept the professional and moral responsibility and are ready to be accountable for the actions they have taken.

The Department of Pharmacy was established in the GC University, Faisalabad in the year 2005. It was upgraded to College of Pharmacy in 2010 and Faculty of Pharmaceutical Sciences in 2014.

The Faculty of Pharmaceutical Sciences is offering a five year Pharm.D and MPhil Pharmacy (Specialization in Pharmacology and Pharmaceutics) degree programs.

Vision

To be the pre-eminent College of Pharmacy where leaders in practice, education, and research are developed and nurtured in order to build pharmacists proficient in their knowledge of medicines who are capable for using this knowledge and can meet professional challenges.

Mission

To provide holistic study with intellectual, spiritual, emotional, social, cultural and physical development. Students are encouraged to develop knowledge, values and skills which will

enrich lives and prepare them to provide services to national and international communities.

Objectives

- To impart state of the art education to students, who shall become experts on medication so as to meet the needs of the end users in an active and useful manner, both within the country and abroad.
- To disseminate knowledge and emphasize fundamental principles of pharmaceutical sciences and to develop the ability to apply these principles to specific problems in pharmaceutical sciences.
- To understand how medicines are synthesized, developed, manufactured and brought to the market place.
- To be able to supply medicines to patients in accordance with pharmaceutical knowledge, legislation and codes of professional conduct and practice.
- To know about the principles of quality assurance in all aspects of scientific and professional activities.
- To get comprehensive knowledge of research methodologies relevant to natural clinical and pharmaceutical sciences.
- To conduct graduate and post graduate education and research leading to higher degrees in pharmaceutical sciences.

Ph: 041-9201552,

Email: mohammadzuber@gcuf.edu.pk

Prof. Dr. Mohammad Zuber, PhD in Polymer Science from Case Western Reserve University, USA. He has 32 years of teaching and research experience in different government organizations. He has supervised 27 research project of the student of BSc. Textile Engineering (Textile Chemistry), a large number MSc Chemistry, MPhil Chemistry and PhD students.

Prof. Zuber has an excellent expertise/experience in the field of polymer chemistry, especially synthesis of novel biodegradable and non degradable polymer with potential as industrial uses. He has published around 90 research papers relevant to the synthesis and characterization of novel polymers and other value addition chemicals. All theses research papers have been published in the journal of international repute with overall impact factor of +180, which is proof of his research capability and has ability to handle high Tech. equipments expertise in the said field. Moreover, Prof. Zuber has vast experience of working in various capacities of administrative set up of different academic institutions.

Vision

The vision of the Department is to integrate modern teaching and learning methods in the curriculum to provide training to students in interdisciplinary programmes for the academics and industries.

Mission

The mission of the Department of Applied Chemistry & Biochemistry is to impart instruction in a nurturing and conducive environment in basic and applied chemistry. The Department is being responding to the needs of chemical industries by preparing skilled manpower.

Introduction

The University is situated in the center of Faisalabad which is the hub of the textile industry because of its vast industrial network and textile based structure. More than 500 textile units in the city are utilizing chemistry to manufacture value added products according to world standards. In addition to textile sector, Faisalabad is also well known for different industries; such as paints, pigments, dyes, sugar, fertilizer, pharmaceutical, foods, oils and fats, soaps and detergents. Keeping in view the industrial need for highly qualified, skilled, visionary and trained manpower that could meet international standards, the Department of Applied Chemistry & Biochemistry was

established at the GC University Faisalabad in 2004 to meet these challenges.

The Department is inspiring to develop state-of-art research facilities and has inducted young, talented and very experienced academicians.

The faculty of the Department is strolling hard with full devotion and dedication to produce dynamic students of high vision with clean cut aims and market oriented objections. The idea behind these activities is to train our students as entrepreneurs for creating the jobs rather than looking for the jobs themselves.

Objectives

- To produce students who are confident of applying the knowledge of chemistry and skills which they acquire in understanding the problems of the local industry and the world at large. Thereby making useful contributions towards resolving industry linked problems.
- To produce chemists who can work as quality control managers (from raw material and intermediate product to final product) in every sector of the industry.
- To provide skill in handling chemicals, managing chemical laboratories and scientific instruments.
- To produce personnel who can efficiently manage the working of industries and be able to motivate and adopt new technologies to meet the international standards.
- Application of the knowledge of chemistry in the daily lives.

The graduates of the Department of Applied Chemistry & Biochemistry have a strong understanding of chemistry and deep knowledge of chemical processing in different industries. Furthermore, the Department has developed effective liaison with the different chemical industries in the region. The faculty and the students gain visionary knowledge about the practical applications of theoretical chemistry by a series of regular visits of these industries. The Department of Applied Chemistry & Biochemistry has developed research labs equipped with a

Chairman: Prof. Dr. Mohammad Zuber

range of lab and pilot scale equipments. The Department of Applied Chemistry is also enhancing its activities by launching different short courses which are designed in collaboration with the Chamber of Commerce and Industries of Faisalabad.

The different areas are:

1. Synthetic Polymers Functionalized by Polyscharrides
2. Paints and Coatings
3. Adhesives and Sealants
4. Pharmaceuticals and Nutraceuticals
5. Natural and Synthetic Rubber
6. Dyes and Pigments
7. Glass/ceramics and Fertilizers
8. Oil and Fat Industries including Non Edible Specialty Products.
9. Textile Industries
10. Biocompatible Polymers

*Core courses for MPhil program; the students will have to take four core courses as and when offered by the department.		
*PhD. Students will have to take two core courses if they have not studied in MPhil or previous studies.		
N.B: Overall 24 teaching credit hours for MPhil and 18 teaching credit hours for PhD program are mandatory. However, the research supervisor of students may recommend additional courses. The department will offer the courses keeping in view the availability of teachers and nature of research to be conducted.		

Section 2: Biochemistry

Programs Offered

1. BS Biochemistry (Morning & Evening)
2. MS/MPhil Biochemistry (Evening)
3. PhD Biochemistry (Morning)

Vision

A highly motivated vision of the department is to induce the basic and modern knowledge of Biochemistry and to impart modern teaching methods in the student's learning process, so that they can lead the nation in this discipline.

Mission

Department of Biochemistry has a very modern and innovative mission of nurturing a conducive environment of biochemistry in the nation as a whole to get a leading position by fulfilling the needs of skilled man powers of speeding emerging biotech industry.

Introduction

Biochemistry is the science concerned with the chemical basis of life. Biochemistry incorporates everything in size between a molecule and a cell and all the interactions between them. The aim of biochemists is to describe in molecular terms the structures, mechanisms and chemical processes shared by all organisms, providing organizing principles that underlie life in all its diverse forms. So a biochemist would study about these molecules namely carbohydrates, lipids, proteins and nucleic acids. Biochemist also studies their reactions and what affects them and in what ways. Biochemistry is thus a study of the compounds found inside living beings, the processes involved with the focus on the role, function and structure of these molecules.

Biochemistry now encompasses all of the molecular and cellular life sciences. Scientific topics falling under the broad description of biochemistry include genetics, immunology, virology, developmental biology, neurobiology, cell biology and structural biology. A recent milestone in biochemistry was the completion of the Human Genome Project and stem cell therapy. There has never been a better time to study biochemistry. With the introduction of newer methods in science and technology, the scope in biochemistry is much greater than before. In fact, biochemistry is one course that is selected by most of today's students. This is because of the challenging nature of the course and the lucrative jobs that can be got after the completion

of studies in this field. There are quite a few fields where Biochemists can find employment. These include:

Private Sector: Biotechnology

- Chemical manufacturing companies
- Food and Drink (includes brewing)
- Health and Beauty Care
- Medical Instrument companies
- Research Companies and Laboratories

Public Sectors

- Agriculture and fisheries
- Blood Service
- Cancer research institutes
- Environmental Pollution Control
- Forensic Science
- Hospitals
- National Blood Services
- Overseas Development
- Public Health Entities
- Public Health Laboratories

Biochemists are also needed by pharmaceutical firms, the food industry and agrochemical companies as to develop newer products in addition to monitor the manufacture, quality control as well as safety of the existing products.

Objectives

- To produce the manpower, those are confident to apply biochemistry knowledge in different span of living beings.
- Applications of the above knowledge in the understanding of disease processes and drugs discovery with vaccination
- To provide fundamental knowledge in statistical concepts and regulatory approach in biochemistry
- To adopt multidisciplinary approach to equip the students for multidimensional carrier opportunities
- Experiments to demonstrate important bio-chemical and physiological concepts
- To encourage the student's capacity for self learning by research work

Achievements of the Department

Within two years the Department show progressive results in academics (BS, MS) programmes, 300 students are accommodated in BS programmes and 50 students have completed their MS degrees. Now we introduced PhD programme and 12 students are enrolled in PhD Biochemistry. The Faculty comprised of two Associate Professors and ten Assistant Professors including foreign PhD degree holders, covers the broad spectrum of research area. Overall productivity of Biochemistry section is conducive. All faculty members

running their own projects with continuous addition of projects to Higher Education Commission (HEC) of Pakistan and other International funding agencies. Moreover 40 research articles are submitted to reputed ISI journals from which 20-30 are published annually.

Vision

For scientific community, the need to decode and interpret the information entrenched in the human as well as other genomes is growing every day because of the innovations in Bioinformatics and Biotechnology. It is envisioned that the programs offered in the Department will develop Bioinformatics and Biotechnology professionals with interdisciplinary approaches to explore different areas of life sciences with the help of state-of-art technologies being applied around the globe. Introduction and promotion of Bioinformatics and Biotechnology in the country as emerging sciences is one of the primary objectives of the Department.

Mission

The mission of the Department of Bioinformatics and Biotechnology (BNB) is to provide a collaborative learning environment that prepares students in higher education to reach the forefront of leadership by developing the sophisticated computational methods to conduct groundbreaking research in key areas of Bioinformatics and Biotechnology, to make fundamental discoveries, generate innovative solutions to practical problems and to develop new technologies for commercial applications. The Department is committed to provide an exceptional environment for specialized training and to mentor tomorrow's workforce through a challenging curriculum, exploration of scholarly research, design and implementation of original investigations and interactive partnerships.

Introduction

We are witnessing the birth of a new era in biological sciences. The ability to decipher the genetic code of living organisms has opened the new opportunities to improve the quality of human life and has dramatically changed the challenges that the biological and biomedical sciences can address. Bioinformatics and Biotechnology have become frontline applied science disciplines of the twenty-first century. The Government College University, Faisalabad is amongst the few institutions in the country to offer degree programs in these emerging fields of Science. Bioinformatics is an amalgamation of Life Sciences, Statistics, Mathematics and Computer Sciences. It is responsible for developing new computer programs (databases and softwares) for their application in life sciences. Biotechnology is the technological application of biological systems (living organisms or derivatives thereof) to make or modify products or processes intended for "Human Welfare" or specific use. Department of Bioinformatics and Biotechnology (BNB) provides interdisciplinary learning and training that builds bridges across different disciplines and seamlessly integrates computational methodologies into biological education on the following lines:

- A broad understanding of the molecular processes of life.
- Understanding of the tools used for mapping and sequencing genes/genomes.
- Training regarding DNA and protein sequence and structural analysis, gene expression and proteomics analysis, data mining, optimization and statistical methods, database development and algorithm design.
- A high level of skill in designing and usage of information techniques with emphasis on the organization, display,

- interpretation and analysis of complex data.
- Skill development and hands on training of basic and advanced laboratory techniques being utilized in the modern scientific world.

Scope

Bioinformatics and Biotechnology is expected to substantially create an impact on scientific, engineering and economic development of the world. These are fast growing important disciplines for academic research and industrial applications. Career opportunities in Bioinformatics and Biotechnology will continue to expand on both the computer and biological science forefronts. For Computer Sciences, there are opportunities in academics, programming, database development, system analysis and software engineering. In the Biological Sciences, career opportunities exist in medical, agricultural, animal, environmental, microbial and industrial research as well as academia.

Department of Botany

Phone: 041-9201488
Email: botany@gcuf.edu.pk

Vision

Exploration of natural world of plants and allied creature for unravelling vast untapped resources of nature for the benefit of human race and for the glorification of knowledge.

Mission

We are committed to ordain human capital with excellence in the changing scientific scenario through innovative but interactive learning and research.

Introduction

Being one of the oldest academic disciplines of this institution, the Department is privileged to have a strong faculty and academic program. At present, this Department is offering degree courses for BS (Hons), M. Sc, MPhil and Ph. D programs. The Department aims to provide quality education in diverse areas of research. A number of nationally and internationally funded research projects are also underway and the academia is focusing to broaden need-based research endeavours. Plant Molecular Biology, Plant Physiology, Plant Integrative Biology, Environmental Biology, Economic Botany and Microbial and Plant Biotechnology are the focal areas of research within the Department. Currently research work is being carried out in the fields of plant molecular biology, fortification of cereal crops, medicinal plants and nutraceuticals, seed priming, enzymology, plant tissue culture, stress physiology, biochemistry, phytoremediation and heavy metal tolerance, improving crop acclimation to different agro-climatic zones and fungal taxonomy. Research on genetic basis of stress tolerance in different crops is also under progress. The genomic resources are being utilized to enhance crop production by gene manipulation. Furthermore, research activities on seed metabolism, plant nutrition and plant growth regulators are in progress for different economically important crops and medicinal plants.

Besides active involvement in transferring knowledge to the

students, the induction of high class academia is also upgrading the faculty profile of the department. The department of Botany is becoming the first choice of students for learning through out Pakistan and the number of students is increasing annually. Until now 05 Ph. D, 69 MPhil, 401 M. Sc and 156 BS (Hons) students have completed their degrees. At present, 451 students are enrolled in BS (Hons), 156 in M. Sc, 71 in MPhil and 27 in PhD programs.

Faculty

Dr. Naeem Iqbal

PhD (UAF), Post Doctoral (USA)
Associate Professor & Chairperson
Specialization: Plant Physiology, Exploration of Plant Wealth for Textile Dyeing

Dr. Muhammad Iqbal

PhD (UAF), Post Doctoral (UCR, USA)
Associate Professor
Specialization: Plant Ecophysiology, Stress Signalling and Chemical Genetics

Dr. Syed Hammad Raza

PhD (UAF), Post Doctoral (UK)
Assistant Professor
Specialization: Plant Stress Physiology and Molecular Ecology/ Environmental Biology

Dr. Muhammad Saeed

Email: chemistry@gcuf.edu.pk

Vision

The vision of the Department is to promote quality research in the various branches of chemistry to ensure a viable and practical solution to all the problems in the respective areas.

Mission

The Chemistry Department is committed to the advancement of highest level of theoretical and practical knowledge of Chemistry. The department pledges to train Chemists capable of making significant contribution in the areas of chemical sciences, chemical industries, polymers, composites, natural products, medicine, pharmacy, and related fields.

Introduction

Chemistry is a science of development of human civilization. From European Industrial Revolution in 19th Century to the present day, the scenario of Biotechnology and Nanotechnology is related to chemical sciences. In the arena of scientific development chemists are the major stake holders. Be it peace, war or mission to Mars, chemists are the main players in these endeavors. The recent developments in nuclear chemistry, missile technology, environmental sciences, polymer industry, textile industry and understanding of intricacies of genetic engineering and biological processes, biosensors, industrial growth and energy are all due to chemistry in one way or the other. It not only adds value to the raw materials but also provides new raw materials for high-tech industries like pharmaceuticals, textiles, agro-industry, medicines, biomechanics and space science. Therefore it alleviates human sufferings and proves to be an effective tool to fight against poverty.

The Department of Chemistry is one of the major departments of the GC University, Faisalabad. Presently more than 900 students are enrolled in the graduation, MPhil and Ph. D programs. The Department has well defined areas of Physical Chemistry, Organic Chemistry, Inorganic Chemistry, Analytical

Chemistry and Biochemistry. The department has a clear thinking that a nation of 180 million people needs world class expertise in chemical sciences which can meet the needs of common people. The schemes of study of the Department of Chemistry have been designed in this backdrop. The major focus of the Department is to train the students in their respective specializations like Nano science, Polymer Sciences, Biosensors, Synthesis of Natural Products and Drugs and Bioassays. Pakistan is blessed with enormous reservoirs of coal and minerals. Expertise is available in the department to explore these latent/hidden reservoirs.

The department has developed state-of-art research facilities and has recently inducted young, talented and very experienced academicians. It has also moved to its new premises in Basic Science Block, First Floor. It comprises four teaching laboratories for performing experiments and has four big and ventilated lecture theatres with seating capacities of 80 students each. In order to cater to the research activities of students and staff, four research laboratories are also being maintained. Moreover, a big seminar/symposium room and an auditorium is also being used for the instruction and carrying out scholarly activities. The Faculty of the Department of Chemistry is striving hard to produce dynamic students with high vision, clear cut aims and market oriented objectives. All these activities are aimed to the training of these students as entrepreneurs for creating the jobs rather than looking for the jobs themselves.

Department of Geography

Phone: 041-9201332

Email: geography@gcu.edu.pk

Programs Offered

1. BS Geography (4 year program)
2. BS GIS & Remote Sensing (4year program)
3. MSc Geography (2 year program)
4. MPhil Geography (2 year program)

Coordinator: Dr. Kashif Mahmood

Vision

To make Geography a dynamic discipline through utilizing research techniques of both Physical/Earth Sciences and Social sciences.

Mission

Department of Geography is focusing on its two distinct domains: Human Geography and Physical Geography. All disciplines including Geography made progress through latest innovation through the advancement in technology. Geographic Information System, Remote Sensing, Digital Cartography and Spatial analysis are the latest developments which are credited to the discipline of Geography. Moreover, our focus is also on the social issues of Pakistani society with their spatial dimensions and these are missing in other social sciences. Sustainable development, urban transition, Globalization, Rapid population Growth, Water Contamination, Solid waste Management , Land use/Land use cover change ,natural disaster and hazards, Women empowerment, Changing family structure and changing Pakistani society are the focal areas which are being investigated at our Department.

Achievements of the Department

In response of this dynamic and progressive environment department has arranged Geography Awareness Walk on 19-11-2014 and also students of Geography Department has organized a GIS exhibition one day symposium. The aim of this exhibition was to highlight the modern techniques of GIS which are widely practiced in all over the world. In the last year department has inducted a new faculty member in order to strengthen their Faculty.

The department also has good research environment that's why teachers are not only involving their currently enrolled students in research but also passed out students of geography as well. Both teachers and students are participating in conferences,

seminars held during the last years.

Mr. Shoaib Khalid, also bring fame to University by winning the first prize in the Pakistan Software House Association P@SHA Launchpad Competition held at Center for Advance Studies in Engineering (CASE) Islamabad on 27-06-2013. He was shortlisted among the 160 applicants and secured the first position in the best start up project category. His project was the Crime Mapping and Developing the Effective Crime Control Strategies by using the Geographic Information System.

Faculty

Dr. Kashif Mahmood

Assistant Professor / Coordinator

PhD (University of Orleans, France), MS (University of Paris 7, France)

Specialization: Urban Transition, Sustainable development, Family structure , Population Geography, Geography of emerging and developing countries, Development Geography and women empowerment

Mr. Shoaib Khalid

Lecturer, MPhil (GCUF) (On Study Leave)

Specialization: Environmental Geography, GIS

Mr. Mehtab Ahmad

Lecturer, MPhil (The Islamia University, Bahawalpur)

Specialization: Environmental & Urban Geography

Ms. Nusrat Parveen

Lecturer, MPhil (GCUF) (On Study Leave)

Specialization: Environmental Geography

**Ms. Ayesha Saleem**

Lecturer, MPhil (GCUF)

Specialization: Urban Geography, Evolution of Geographic Thought, Regional Planning & Development

Ms. Mahpara Iram

Lecturer, MSc (GCUF)

Specialization: Geography.

Ms. Mubshra Mohsin

Lecturer, MSc (GCUF)

Specialization: Geography

Ms. Maryam Khalid

Lecturer, MPhil (University Of Sargodha)

Specialization: Urban Geography

Ms. Huma Haider

Lecturer, MPhil (The Islamia University, Bahawalpur)

Specialization: Social Geography

Ms. Friha Zameer

Lecturer, MPhil (GCUF) (On Study Leave)

Specialization: Human Geography

Mr. Hafiz Muhammad Qasim Salik

Lecturer, MPhil (GCUF)

Specialization: Human Geography

Ms. Mariam Kareem

Lecturer, MSc (GCUF)

Specialization: Geography

Scheme of Studies

BS Geography

Semester 1		
GEO-301	Physical Geography-I	3(3-0)
ENG-321	Functional English	3(3-0)
CSI-321	Introduction to Computing Applications	3(3-0)
MTH-321	Mathematics-I	3(3-0)
ISL-321	Islamic Studies / Ethics	2(2-0)
ENV-301	Introduction to Environmental Science	3(3-0)
Semester 2		
GEO-302	Physical Geography-II	3(3-0)
GEO-303	Map Reading and Interpretation	3(2-1)
ENG-322	English Comprehension and Composition	3(3-0)

ISL-321	Islamic Studies / Ethics	2(2-0)
CSI-302	Object Oriented Programming	3(3-0)
GIS-310	Introduction to Remote Sensing	3(2-1)
GEO-312	Human Geography	3(3-0)
MTH-322	Mathematics-II	3(3-0)
Semester 3		
MTH-409	Discrete Mathematics	3(3-0)
CSI-413	Computer Aided Drawing/Drafting	3(3-0)
STA-409	Statistics & Probability	3(3-0)
GEO-405	Cartography	3(2-1)
GIS-413	Introduction to Photogrammetry	3(3-0)
CSI-415	Data Structure & Algorithms	3(3-0)
Semester 4		
ENG-421	Communication Skills	3(3-0)
GEO-406	Surveying	3(2-1)
GIS-404	Digital Image Processing	3(2-1)
GEO-410	Fundamental of Geology	3(3-0)
GIS-408	Global Positioning Systems	3(2-1)
GIS-410	Database Systems	3(2-1)
Semester 5		
GIS-501	GIS Programming	3(3-0)
GIS-503	Spatial Decision Support Systems	3(3-0)
GEO-509	Land Use Planning & Development	3(3-0)
CSI-403	Computer Graphics	3(2-1)
GIS-505	Spatial Data Visualization	3(2-1)
CSI-407	Urban & Regional Planning	3(3-0)

Semester 6		
GIS-502	Spatial Data Analysis	3(3-0)
GIS-504	Research Methods	3(2-1)
GIS-506	Project Management	3(3-0)
GIS-508	Microwave & Hyper Spectral Remote Sensing	3(3-0)
GIS-510	Fundamentals of Ecology	3(3-0)
GEO-512	Natural Hazards & Disaster Management	3(3-0)
Semester 7		
*GIS-697	Final Project - I	3(0-3)
*GIS-601	Spatial Data Management	3(3-0)
GIS-603	Spatial Data Modelling	3(2-1)
GIS-605	Technical and business writing	3(2-1)
GIS-607	Population and Development	3(2-1)
GIS-609	Forest Management	3(2-1)
GIS-611	Natural Hazards and Disaster Management	3(2-1)
GIS-613	Land Information System	3(2-1)
Three elective courses will have to be opted in the seventh semester whereas GIS 697 and GIS 601 are compulsory		
Semester 8		
*GIS-698	Final Project - II	3(0-3)
GIS-602	Spatial Data Infrastructure	3(3-0)
GIS-604	Application of GIS in Research	3(2-1)
GIS-606	Monitoring Household Surveys	3(2-1)
GIS-608	Urban Planning	3(2-1)
GIS-610	Planning and Management of Housing	3(2-1)
GIS-612	Environmental Impact Assessment	3(2-1)
Three elective courses will have to be opted in the eight semester whereas GIS 698 is compulsory

Programs Offered

1. BS Human Nutrition & Dietetics
2. BS Food Science & Technology
3. BS Home Economics
4. MS & PhD Food Science & Technology
5. MS & PhD Human Nutrition & Dietetics
6. MS & PhD Food & Nutrition
7. MS Food Safety & Quality Management
8. MS textile & Clothing

Chairman: Prof. Dr. Faqir Muhammad Anjum (T.I)

Diplomas & Short Courses

Post Graduate Diploma in Home Economics	(1-Year)
Diploma in FST (Distance Learning)	(6 months)

Certificate Short Courses in major Disciplines of Home Economics

Nutrition and Diet Therapy	(3-months)
Baking and Preservation of Food	(3-months)
Textile and Printing	(3-months)
Housing and Interior Designing	(3-months)
Infant Nutrition Practices	(3-months)
Art and Craft	(3-months)
Food Safety & Hygiene	(3-months)

Vision & Mission

To produce high caliber graduates in the field of Food Science, Nutrition & Home economics who will be well equipped through the training they receive, to support the rapid changes in food industries and sustain the industrial and economic development of Pakistan. This vision is pursued at par with core values of the University which are integrity, excellence, teamwork, discipline and dedication to work. The Institute has pursued

its teaching and research program in recognition of the fact that the food industry in Pakistan is still in its fledging state. Hence it is important that this program is offered to train the needed manpower and expertise. The Institute selects courses of Food Technology that are aimed at offering the students a good understanding of the basic principles of Food Technology and applying to the growing and dynamic needs of the society with respect to food industry. According to the international education standards for Degree program in Food Technology, the course content of any undergraduate food science syllabus will cover the following five categories: Food Chemistry and Analysis, Food Safety and Microbiology, Food Processing and Engineering, Applied Food Science.

Poor nutritional indicators for Pakistan demanded some initiatives to uplift the nutritional status and initiation of Human Nutrition and Dietetics degree is important mile stone in this context. This degree has not only produced skill nutritionist but also enhance the awareness regarding the issue that ultimately will uplift the nutritional status of the country.

Home Economics is committed to be a leading academic center of excellence in teaching, research and skilled programs at national and international level. This field provides an opportunity to study five major disciplines of Home Economics i.e. Food and Nutrition, Textiles and Clothing, Applied Art and Design, Human Development & Family Studies, Interior & Environmental Design and Resource & Facility Management a unique blend of science

and other related subjects opens future revenue for personnel professional, skilled income generating and social enhancement.

Objectives

1. To produce competent Food Scientists/Technologists with adequate scientific background to meet the needs of public and private sector, organization/industries
2. To provide professional leadership, services and outreach activities in the major areas of Home Economics
3. To develop a cost effective appropriate technologies, helpful to boost up value addition in agriculture sector.
4. To meet the training needs of public and private sector.
5. To produce competent nutritionists and dietitians for different organizations in the country.
6. To address the issues in different sectors of Food Science, Nutrition and Home Economics

Introduction

Under the institute of Home and Food Science, the Department of Food Science, Nutrition and Home economics at Government College University Faisalabad was established in 2013 and is one of the best in country. The outstanding faculty, state-of-the-art building and laboratory facilities, and friendly and dedicated staff members make the Department a pleasant place to study and conduct research. Our undergraduate Major offers students hands-on science dealing with real-world applications; small, friendly atmosphere; world-class internship experiences in collaboration with international institutions like:

- University Sains, Malaysia
- Research institute of Food Science and Technology, Mashhad, Iran
- Laboratoire d'Ingénierie des Biomolécules (LIBio), Université de Lorraine, France
- Department of Food Bioprocessing and Nutrition Sciences, North Carolina State University, USA
- Punjab Medical College
- Faisalabad Confectionary Association, Pakistan
- Punjab Food Authority, Lahore
- Engro Foods Limited, Karachi
- Halal Research Council, Pakistan

Our graduate program offers study leading to Masters of Science and Doctor of Philosophy degrees. Graduate students receive in-depth training in the core disciplines of food & nutrition, food chemistry, food microbiology, food engineering & processing, food safety, food service management, human nutrition & textile & clothing.

Faculty

Prof. Dr. Faqir Muhammad Anjum (T.I)

PhD (USA & UAF)
HEC Approved Supervisor
Professor / Chairman
Specialization: Food Science & Technology, Halal foods, Cereal Science

Dr. Mahr un Nisa (I.F)

PhD (UAF)
HEC Approved Supervisor
Associate Professor
Specialization: Nutrition, Nutrients Metabolism

Dr. Muhammad Umair Arshad

PhD (UAF)
HEC Approved Supervisor
Associate Professor
Specialization: Functional Foods & Nutraceuticals Utilization of Bioactive components of agro-industrial waste

Dr. Rabia Shabir Ahmad

PhD (UAF)
HEC Approved Supervisor
Assistant Professor
Specialization: Functional Foods, Human Nutrition, HACCP & Food Analysis

Dr. Muhammad Tahir Nadeem

PhD (UAF)
HEC Approved Supervisor
Assistant Professor
Specialization: Food Biotechnology, Nutrition, Cereal Sciences, Fruits and Vegetables Processing

Dr. Farhan Saeed

PhD (UAF)
HEC Approved Supervisor
Assistant Professor
Specialization: Cereal Science: Wheat quality and characterization, Starch chemistry, Functional foods, Food analysis

Dr. Zarina Mushtaq

PhD (UAF)
HEC Approved Supervisor
Assistant Professor
Specialization: Food Microbiology, Dietetics

Dr. Muhammad Kamran Khan

PhD (France)
HEC Approved Supervisor
Assistant Professor
Specialization: Food Chemistry and Analysis, Application of ultrasound in food processing, Effect of industrial processes on potential bioactive components

Dr. Nazir Ahmad

PhD (France)
HEC Approved Supervisor
Assistant Professor
Specialization: Health Biotechnology, Nutrition & Food Metabolism.

Dr. Ali Imran

PhD (UAF)
HEC Approved Supervisor
Assistant professor
Specialization: Human Nutrition, Dietary cure for metabolic syndrome, Functional Foods & Nutraceuticals

Dr. Adeela Yasmin

PhD (UAF)
HEC Approved Supervisor
Assistant Professor
Specialization: Dairy Technology & Nutrition

Dr. Muhammad Sajid Arshad

PhD (UAF)
HEC Approved Supervisor
Assistant professor
Specialization: Meat Science and Nutrition, Functional Meat Production, Halal Foods

Dr. Farhana Nosheen

PhD (UAF)
Assistant Professor
Specialization: Agriculture Extension

Ms. Bushra Niaz

MSc (Hons) (UAF)

Lecturer

Specialization: Food Microbiology & Biotechnology

Mr. Muhammad Afzaal

MSc (Hons) (UAF)

Lecturer

Specialization: Food Microbiology & Biotechnology

Ms. Hafiza Saima Tahir

MSc (Hons) (UAF)

Lecturer

Specialization: Dairy Technology

Ms. Amina Gilani

MS (PU)

Lecturer

Specialization: Art & Design

Ms. Uzma Khalid

MSc (UAF)

Lecturer

Specialization: Food and Nutrition

Ms. Sumaira Rehman

MSc (UOP)

Lecturer

Specialization: Management Studies

Ms. Umaira Bilal

MSc (PU)

Lecturer

Specialization: Textiles and Clothing

Ms. Sabeen Rehman

MSc (PU)

Lecturer

Specialization: Art & Design

Ms. Sidra Shahzadi

Bachelor in Fine Arts (GCUF)

Lecturer

Specialization: Fine Art and Textile Design

Ms. Zunaira Tahir

MS (GCUF)

Lecturer

Specialization: Food and Nutrition

Ms. Unsa Noureen

MS (UAF)

Lecturer

Specialization: Textiles and Clothing

Note:

- Core courses to be offered as per departmental decision. PhD students who enrolled courses in MPhil will not take the core courses for PhD.
- Minor Courses to be offered during Fall and Spring Semester as per departmental decision and selected from departments i.e. Biochemistry, Physiology, Microbiology and Biotechnology.
- Overall 24 teaching credit hours for MPhil and 18 teaching credit hours for PhD program are mandatory. However, the research supervisor of students may recommend additional courses. The department will offer the courses keeping in view the availability of teachers and nature of research to be conducted.
- PhD. Students will have not studies the course Statistics for Research in "MPhil" will have to take this course as audit course as mandatory requirement.

Introduction

Established in 1963 the Department of Mathematics is one of the oldest departments of this institution. It has rich history of excellence and performance and produced renowned mathematicians who are serving in various organizations with distinction and credit.

At the University level this department is now running BS, MSc, MPhil and PhD programmes in the subject of Mathematics. The Department has produced outstanding students who are serving in academic institutions, Pakistan Atomic Energy Commission, Banks and Industries, and in particular, the Aerospace, Oil and Electronic Industry etc.. The mission of the Department is to enhance the research skills of the creative minds through active involvement in the research-oriented activities.

The Department has qualified and experienced teachers who are devotedly inculcating in the students the zeal, spirit and determination necessary to compete with the new scientific challenges in every walk of life. The Department is also providing teaching assistance in the subject of Mathematics to other Departments of the University, namely Physics, Chemistry, Environmental Science, Geography, Economics, Banking & Finance, Statistics, Bioinformatics, Pharmacy etc.

Mission

The Department of Mathematics will offer courses and programs of study that will ensure that the student learner will be able to contribute to today's society. The students will obtain abilities to critically assess numerical and graphical information; learn to formulate strategies for solving problems; and acknowledge the importance of being intellectually curious throughout their adult lives. The Department, through its faculty, will continue to contribute to the body of knowledge of the discipline, whether in traditional research, applied research, or research in the teaching of Mathematics.

Vision

Mathematics develops computational skills, critical thinking, and problem solving skills. The theory, discipline, and techniques taught in mathematics courses are especially important in today's society. The faculty of the Department of Mathematics recognizes this and strives to ensure that the student learner obtains this knowledge. At the same time, the faculty contributes to the discipline by fundamental research in pure and applied mathematics, statistics, and mathematics education.

Values

- Put a high priority on student learning in a personal environment.
- Encourages students to participate in the learning experience through participation in the classroom, involvement in faculty-directed student research, student oriented seminars, and other related activities.
- Encourages both faculty and staff members of the department to undertake professional development opportunities that make educational excellence possible.
- Values the contributions of the faculty to their discipline through publications, presentations, and other methods of intellectual dissemination and strongly encourages their continued efforts in these endeavors.

Goals

The Department will offer courses that:

- Build and enhance computational skills necessary in today's society.
- Develop the students' ability to critically interpret numerical and graphical data.
- Develop and enhance the students' problem solving skills.
- Encourage and reinforce the critical thinking skills of the

students.

- Develop the students' ability to intelligently communicate mathematical results in both a written and oral format.
- Work closely with other Departments and Colleges within the University to ensure that their student majors have the necessary mathematical background to succeed in their discipline both academically and professionally.
- Offer a minor in Mathematics that allows the non-major to take more specialized classes in mathematics.
- Offer undergraduate degree programs that meet the needs of the student majors, the discipline, industry, education, and society.
- Re-institute the Masters in Mathematics, offering concentrations in Applied Mathematics and Teaching of Mathematics.
- Provide the faculty with the necessary time and resources to enhance their professional endeavors in teaching, in research, and in service.
- Provide an environment which will help all faculty and staff to achieve their professional goals.

Vision

To attain the highest level of glory and excellence in the field of Microbiology through quality teaching and research and to make this Department as model department for producing highly competent and skillful Microbiologist to serve for the benefit of humanity and to contribute to the development of Nation.

Mission

To create an environment conducive for learning through quality teaching and research.
To produce competent and skilled professionals in the field of Microbiology to full fill the future needs of educational institutes.
To prepare researchers to meet the challenges of industry, research organizations, science and technology.
To develop the department as a model department of Microbiology in the country for undergraduate and postgraduate teaching and research.

Introduction

In spite of their very small size, the impact of microbes on the planet is so extensive that life without them is almost impossible. Microbiology is an exceptionally diverse science which deals with the study of microorganisms in relation to disease, industry, medicine, environment and modern biotechnology. The study of microorganisms cannot be overemphasized as they are necessary for the production of bread, cheese, antibiotics, vitamins, organic acids, enzymes, biologics, sera and vaccines. Over and above, microbes also serve as the basis and the major tools in the fields of Molecular Biology, Modern Biotechnology and Genetic Engineering. They are indispensable components of our ecosystem. Unfortunately some microbes cause all the known diseases in humans, animals and plants causing heavy morbidity and mortality.

Department of Microbiology was established in Govt. College University Faisalabad in November 2011 for the teaching and research in Microbiology at Undergraduate & Postgraduate levels. Initially a 4-Year BS Microbiology program (Morning) was started during Fall 2011-12 and later on 2-Year MPhil Program in Microbiology was initiated in Fall 2012-13 and PhD programme in Fall semester 2014-15. Recently, the University statutory bodies has also approved the BS Microbiology (Evening) and MSc Microbiology (Weekend program) from upcoming Fall 2015-16. The final semester students of BS Microbiology are currently doing their internship in well reputed organizations of the country like NIH, NARC, PRI, Shaukat Khanum Hospital, AB Mauri, PIUNM, FIC etc. etc. Moreover, two batches of MPhil students have successfully completed their degrees. At present, department has 19 highly skilled and competent faculty members striving hard to achieve the highest level of excellence under the able guidance of Dr. Muhammad Hidayat Rasool.

Department of Microbiology is focusing on academic and research collaborations with different National and International teaching and research institutes as well as with local industries through internship programs and combined research projects. In this regard an MoU was signed with Health Biotechnology Division (HBD), NIBGE Faisalabad and MPhil students of the Department are working in National Probiotic Lab under this project. A research project funded by Shagdery with Earth Pvt. Ltd.; A Japanese Company has been successfully completed by the Department. At present, about 10 Research Projects are in progress funded by HEC and other funding agencies and almost same number has been submitted for funding. The key focus will be to conduct applied and problem solving research in diverse field of Microbiology. In addition to academics and research, students of this department are equally bright and talented in extra-curricular and co-curricular activities and have won a number of laurels for the department.

Programs Offered

1. BS Microbiology
2. MPhil Microbiology
3. PhD Microbiology

Chairman: Dr. Muhammad Hidayat Rasool

Scope

Microbiology is a broad discipline which has both basic and applied aspects. Many microbiologists are interested primarily in the biology of the microorganisms themselves whereas others may be interested in particular functional processes. Some microbiologists may have an applied orientation and would be interested in practical problems in the fields of medical, pharmaceutical, food, dairy and public health Microbiology. With WTO agreement in offering, every agro-based industry and the industry involved in production and export of biopharmaceuticals, biologics, vaccines, sera and diagnostics will be required to hire a Microbiologist / Immunologist at its strength to satisfy ISO certification needs. Therefore the graduates and post graduate students from Department of Microbiology, Govt. College University Faisalabad will have a very bright and attractive career ahead in public as well as in private sector.

Faculty

Dr. Muhammad Hidayat Rasool

MPhil (Silver Medalist), PhD (UAF)
(HEC Approved Supervisor)
Associate Professor / Chairman
Specialization: Microbiology, Immunology, Molecular Virology, Cell Culture, Vaccine Development

Dr. Muhammad Asif Zahoor

MPhil (UAF), PhD (Austria)
(HEC Approved Supervisor)
Assistant Professor
Specialization: Immunology, Virology

Dr. Muhammad Waseem

MPhil (UAF), PhD (France)
Assistant Professor
Specialization: Microbial Ecology, Mycorrhizosphere, Microbial Biodiversity

Dr. Bilal Aslam

MPhil (UAF), PhD (UAF)
Assistant Professor
Specialization: Bacteriology, Immunology

Dr. Saima Muzammil

MPhil (UAF), PhD (France)
(HEC Approved Supervisor)
Assistant Professor

Specialization: Agricultural Microbiology, Biotechnology

Dr. Muhammad Zeeshan Nawaz

MPhil (UAF), PhD (UAF)
Assistant Professor
Specialization: Epidemiology, Virology

Dr. Muhammad Shafique

MPhil (NIBGE), PhD (Netherland)
(HEC Approved Supervisor)
Assistant Professor
Specialization: Biotechnology, Virology, Cell culture, Vaccinology

Dr. Abu Baker Siddique

MPhil (UAF), PhD (UAF)
Assistant Professor
Specialization: Bacteriology, Molecular Biology

Dr. Humerah Bano Shafiq

MPhil (UOK), PhD (UOK)
Assistant Professor
Specialization: Environmental Microbiology, Bacteriology, Mol. Genetics

Dr. Shahid Ali

MPhil (UAF), PhD (UAF)
Assistant Professor
Specialization: Virology, Cell culture, Vaccinology

Mr. Muhammad Saqalein

DVM (UAF) (Silver Medalist), MPhil (UAF)
Lecturer
Specialization: Bacteriology, Immunology

Mrs. Gull Naz

MPhil (UVAS) (Silver Medalist)
Lecturer
Specialization: Microbiology, Mycology

Mr. Zeeshan Taj

MPhil (UAF)

Email: directorsports@gcuf.edu.pk

Programs Offered

1. MSc Physical Education & Sports Sciences

Incharge: Prof. Dr. Muhammad Zuber

Vision

We aim to be a leader of the disciplines of Physical Education and Sports Sciences by developing tools and excelling in Sports techniques, Scholarship and exploiting opportunities for academic research.

Mission

The Mission of the Department is to provide a committed and professional skills, techniques and knowledge of different Sports, which may be recognized as exemplary by its users by behaving in an approachable and courteous manner using available technologies appropriately to achieve objectives effectively at National and International level in the field of Physical Education and Sports Sciences.

Introduction

The study of Physical Education and Sports Sciences has been vital Importance in this age of science and technology. A nation cannot safe guard it's domestic and foreign interest and get its due status at National and International level without using the latest techniques of Physical Education and Sports Sciences in their professional and daily routine Life.

The Department will play a vital role in promoting different games at National and International level and is striving to sensitize and humanize its students in enabling them to become the leader in the field of Physical Education and Sports Science.

Objectives

- The Department is striving to provide National and International Players for promotion of Sports at University and National Level.
- Capacity Building of Players both Male and Female
- Organize Training Programs for students, separately for Male and Female Players.

- The awards of Cash Prizes and Sports Scholarships to encourage the promising student players, who win medals at Inter-Varsity and National Championships
- Create healthy environment in the campus through Sports activities.
- Organize Sports Competitions among the Departments and award the Certificates and Trophies to the Position holder players.

Department of Physics

Phone: 041-9201372

Email: physics@gcuf.edu.pk

Introduction

The Department of Physics is imparting quality education and research guidance to the community. All the faculty members of the Department are striving hard for excellence and exercising their potential to the maximum to uplift the academic standard of the University.

To broaden and deepen the vision of the students according to the needs of the 21st century, the Department focuses on activity-based learning. The Department has established linkage with local industries and institutions to provide platform for the academic and professional development of students according to their choices. The Department is offering research in various branches of physics such as condensed matter physics, plasma physics, health and medical physics, environmental physics, semiconductor materials Physics, Laser spectroscopy, Nano technology and theoretical physics. The Department organizes conferences, presentations, seminars, workshops, and excursion cum study tours for the students to provide in-depth understanding of the field at national and international level.

Vision

The Department of Physics seeks to build up its national reputation in Physics education and research and to become national leader in producing highly professional and motivated physicists.

Mission

Our mission is to provide a rigorous grounding in the scientific process and a firm scientific understanding of nature to foster critical thinking and to provide scientifically literate and liberally educated physicists.

The primary functional aspects of our mission can be classified as

- Educating and preparing undergraduate and graduate students for advanced study and employment in education,

research institutes and industry.

- Developing highly qualified physicists who can serve as major contributors to the scientific and technological literacy in theoretical and applied physics.
- Providing physical knowledge, experimental experience and training in analytical reasoning and critical thinking required as the basis for the students seeking advanced studies in physics.
- Polishing the expertise and competence in physics of our researchers/academic staff and to prepare them to carry out advanced research in active areas of Physics as demanded by the 21th century

*PhD students who have not studied the course "Statistics for Research" in MPhil will have to take this course as audit course as mandatory requirement.

Note:

Overall 24 teaching credit hours for MPhil and 18 teaching credit hours for PhD program are mandatory. However, the research supervisors of students may recommend additional courses. The department will offer the courses keeping in view the availability of teachers and nature of research to be conducted. The three courses PHY-701, PHY-702 and STA-795 are compulsory for MPhil degree program

MS/MPhil Nanotechnology

Semester 1st & 2nd

Four courses to be selected for each semester from the following

NNT-701	Introduction to Nanotechnology	3(3-0)
NNT-702	Fundamentals of Nano-Science	3(3-0)
NNT-703	Physics at Nanoscale	3(3-0)
NNT-704	Fundamentals of micro and nano fabrication	3(3-0)

Department of Physiology

Phone: 041-9200760

Email: physiology@gcuf.edu.pk

Vision

- It's recently established and comparatively rare department in other universities of the country, so BS Physiology is an emerging professional degree which needs enormous concentration, hard work as well as the space of growth as professional career. And the department of Physiology is therefore established with the vision of giving the maximum output in teaching and research keeping in view the minimum available resources.
- To provide high standard education and research activities to aspire undergraduate and post graduate students to couple up the international standards.
- The use of electronic media will be encouraged to teach the students so that learning capabilities could be further enhanced.
- Study tours in the national eminent research as well as teaching institute will be planned for the healthy exposure of students.
- Target based progress plans with a suggested time frame will be set to get the required progress in limited time.
- Along with academics the Physiologist has an enormous role in the public health services including diagnostics, pharmaceuticals, health centers, food industry, Reagents, analytical kits, instruments manufacturers.
- Students will be encouraged to actively participate in the extracurricular activities of the University, which will be a healthy exercise to groom their mental capabilities.

Mission

The Department of Physiology was established with the aim to provide high-tech theoretical and practical knowledge/skills to the students through quality teaching and research. Yet much is in action, the department is still striving to acquire latest laboratory equipment to qualify students at international standards.

Achievements of the Department

- Start of Postgraduate Program
- MOU With ISRA University, Islamabad
- Organized international seminar
- Participation of two faculty members in international conferences
- Up graduation of undergraduate lab
- Establishment of post graduate lab
- Submission of more than six research projects to various national and international funding agencies
- Two projects have been approved for funding from HEC and one from PARC
- Establishment of collaboration with two foreign labs.

Programs Offered

1. BS Physiology
2. MPhil Physiology
3. PhD Physiology

Department of Statistics

Phone: 041-9201461
Email: stat@gcuf.edu.pk

Vision

- The vision of the department is to disseminate quality education and produce quality research in different areas of Statistics.
- The department focuses to produce highly skilled professional, scholars and researchers equipped with adequate knowledge of statistics to meet the contemporary and future challenges.
- We are striving to produce highly trained and skilled graduates to meet the demands of private and public sectors of the country.
- The department is committed to enhance the quality of education within the department and in the University in general.
- The department is planning to launch the PhD degree program in near future which will boost the research activities within the department.

of the various majors and enhance the statistical literacy of the students;

- Support continued growth of Statistics faculty members as teacher-scholars. To contribute to the theoretical and applied development of the field through scholarly research in core areas of statistical theory and probability and publications in leading professional journals.
- To contribute to the development of new statistical methodology to address substantive problems and to promote the use of these methods through publications in both statistics and subject-matter journals.
- To contribute to the advancement of science and technology through interdisciplinary research, jointly with scientists at the Government College University, Faisalabad and at other research institutions and develop a research culture in society in general.

Mission

The mission of the Department of Statistics is to contribute to the overall objectives of the Government College University, Faisalabad and the Affiliated Colleges, Science, and the Arts through excellence in research and education in the Statistical Sciences and through service to the university community, statistical profession, and society at large.

The proliferation of quantitative information in society demands that we help to develop the next generation of statistics professionals while increasing the statistical literacy of our students and the frequency of collaboration with our colleagues. To meet these objectives, the mission of the Statistics Department is to:

- Deliver a high-quality statistics program for our majors and minors that prepares them for either the workplace or further study in graduate programs;
- Offer service courses for the university that meet the needs

Introduction

Statistical methods and the application of probability theory are essential to the understanding of data and underlying processes in a very wide variety of fields, including health sciences, economics and finance, social science, government, engineering, biological and physical sciences.

In Government College, Faisalabad the Department of Statistics was established in 1960. Initially intermediate and degree classes were started. In October, 2002 the college was upgraded to University and a 2 year Master degree program was launched in September, 2003. BS (Hons.) a 4 year degree program was launched in September, 2005; the Department took the initiative of launching the MPhil (Statistics) program in 2012. Currently 250 students are enrolled in different programs being offered by the Department of Statistics.

Statistical computations contribute as a major player to meet the demand of the students and requirements of extended research activities in the graduate and post graduate courses. Statistics is considerably more applied and vocational than many

other courses. It aims to produce students who can immediately work as applied statisticians. Whereas all theoretical concepts are covered, the emphasis throughout is on applying and adapting it to real-life circumstances. The analysis of real data sets constitutes the core of the courses and pivotal role of the computer as a powerful tool in modern statistics is constantly emphasized throughout the programs being offered. Weekly assignments/practical work makes extensive use of standard statistical packages including Minitab, SPSS, EViews, R, Mathematica, Design Expert etc.

The graduated students are employed in reputable Public and private sector organizations like Federal and Provincial Bureaus of Statistics, National Universities, State Bank of Pakistan, Pharmaceutical Industries, Government offices, Commercial Banks, and many other firms and organizations.

Phone: 041-9201206
Email: zoology@gcuf.edu.pk

Programs Offered

1. BS Zoology
2. MSc Zoology
3. MPhil Zoology
4. PhD Zoology

Chairperson: Dr. Farhat Jabeen

Vision

The Department of Zoology is home to multidisciplinary approaches towards vast areas of biological sciences. The department aims to be a centre of excellence in teaching as well as in diverse areas of research to promote knowledge, skills and expertise in students required to contribute to society as educators, research scientists and administrators.

Mission

To meet the dire need of coming decades, the Department of Zoology is committed to impart updated education, to deliver society-oriented and need-based research, to develop an integrated program to enhance fisheries resources and their management, to hold regular seminars by invited speakers and subject specialists for the scientific grooming of students and faculty and to develop collaboration both at national and international levels.

Introduction

Department of Zoology was established in 1990 for the teaching of graduate and post graduate courses affiliated with Punjab University, Lahore, then took a mature turn after the up-gradation of Govt. College Faisalabad as Govt. College University, Faisalabad in 2002. Later on launching of MPhil, PhD and Honors programs added to its status and it has come forth as one of the academically sound Department of the country. The high profile motivated faculty loaded with initiative and drive is key strength of the Department. The fully equipped laboratories, well-furnished class rooms and update spacious library provide the best possible facilities to the students in their academic pursuits.

All the faculty members under the dynamic leadership of Dr. Farhat Jabeen are striving hard and exercising their potentialities to the maximum extent focusing the activity based learning. University industry linkage program for the joint research ventures have been initiated. For this purpose the Department has established a linkage through signing MoU with Newcastle University UK, WASA and Punjab Fisheries Department with an objective of sharing research facilities for educational and career development of the students coherent with professional requirement. The Department believes in its uplifting at world recognized level through imparting outstanding teaching and research by awarding degree in academic programs of BS, MSc, MS /MPhil and PhD in Zoology.

Recently department has recruited foreign qualified PhD faculty members to broaden the teaching and research horizon to face the modern challenges in the field of Science and Technology. Entomology, Fish Nutrition and Wet labs have been established to extend its infrastructure. Department has research project under INSPIRE Program (British council-Higher Education Commission funded project) and its two extension programs SPEKE and TNE on its credit. Moreover various other projects funded by Pakistan Science Foundation (PSF) and Higher Education Commission are being running in the Department.

Programs Offered

1. BS Medical Laboratory Technology
2. BS Operation Theater Technology
3. BS Radiography & Imaging Technology
4. Doctor of Physical Therapy
5. Bachelor of Eastern Medicine and Surgery

Director: Prof. Dr. Abid Rashid

Vision

Educate, train quality induced health professionals and promote medical education at undergraduate, graduate and post graduate level to fill the gap in Public Sector University.

Mission

To promote and enhance quality health services at community level in Faisalabad.

College of Allied Health Professionals

College of Allied Health professionals was established under the flagship of Directorate of Medical Sciences at Government College University, Faisalabad, Pakistan in 2012. In the initial phase 2-Year and 4-Year degree programs are offered in the field Medical Laboratory Technology (MLT), Radiography and Imaging Technology (RIT) and Operation Theatre Technology (OTT). The College of Allied Health professionals with its 6 highly dedicated and experienced faculty members continues to maintain and cultivate its links with the hospitals and health care settings within the country. Our vision is to provide the advancement in Medical Sciences through provision of skillful, ethical, and compassionate Allied health Professionals. The College is committed to produce the leading allied health experts dedicated to provide the best health care services for the patient and able to focus on highly quality research that extends beyond allied health sciences to all scientific disciplines that impact the health of patients as well as wider community.

College of Physical Therapy

Physical Therapy is an essential segment of modern health care system. It is a "science of healing and art of caring". It pertains to the clinical examination, evaluation, assessment, diagnosis and treatment of musculoskeletal, Neurological, Cardio-Vascular and Respiratory systems' functional disorders including symptoms of pain, edema and physiological, structural and psychosomatic ailments. It deals with methods of treatment based on movement, manual therapy, physical agents, and therapeutics modalities to relieve the pain and other complications.

Hence, Physical Therapy covers basic parameters of healing sciences i.e. preventive, primitive, diagnostic, rehabilitative, and curative.

Department of Eastern Medicine

Bachelor of Eastern Medicine (BEMS) is a five year degree programme in herbal medicine, equipped with latest knowledge of modern medical science as well as ancient eastern medicine theories. This is the best choice at time to be a part of Holistic medicine to prosper in near future, as world's overall trend is turning towards natural sources for health management.

Bachelor of Eastern Medicine was Started under the umbrella of Directorate of Medical Sciences by the vision of Worthy Vice Chancellor in supervision of hardworking really a visionary personality Prof. Dr. Riaz Hussain Dab in Jan-2014, which is now flourishing under directorship of Prof. Dr. Abid Rashid a highly intellectual, self-motivated and hardworking person. Government College University Faisalabad is the third university in Govt. Sector and overall fifth in Pakistan where BEMS get started.

Assistant Professor
Specialization: Microbiology, Immunology, Bacterial Pathogenesis, Oncology, Molecular Biology

Dr. Abid Ali

Ph D Biochemistry (UAF)
Assistant Professor
Specialization: Clinical Biochemistry, Pharmaceutical Preparations

Mohsin Khurshid

BSc MLT (PU), MSc (KU), MPhil (QAU)
Lecturer
Specialization: Microbiology, Immunology, Bacterial Pathogenesis, Oncology, Molecular Biology

Mr. Imtiaz Mahmood Tahir

MPhil, MSc Biochemistry (UAF)
BSc. Medical Lab Technology (UHS)
Lecturer
Specialization: Clinical Pharmaceutical Research, Molecular Diagnostics, Chemotherapy Resistance

Mr. Muhammad Naeem

BS (HONS)
Lecturer
Specialization: Operation theatre technologist

Dr. Sammia Gul Niazi

Pharm D, MPhil Pharmacology
Research Officer
Specialization: Pharmacology

College of Physical Therapy

Prof. Dr. Abid Rashid

MBBS, FCPS (Pak)
Incharge
Specialization: General & Laparoscopic Surgeon

Dr. Awais Bin Inam

BSPT, MS (OMPT), PhD Scholar
Specialization: Orthopedic Manual Therapy

Dr. Muhammad Asif Saleem

BSPT, TDPT
Lecturer
Specialization: Musculoskelton pain management

Dr. Rafia Imtiaz

BSPT, TDPT
Lecturer
Specialization: Medical Education

Dr. Ramiza Khalid
